and Accessories**

modelamedic.com

Prices Subject to Change without Notice

You asked for it! Finally, the Model A Medic LLC has a printed version of our on line catalog. With all that's going on today, it has been quite a challenge to get this done and still keep up with the work load in the shop.

Please check out the following information regarding policies at the Model A Medic.

STORE HOURS: Monday through Friday 9AM-6PM CST. Appointment only on Saturday or Sunday

PAYMENT: Cash, Check or credit cards (Visa, MasterCard, and Discover) are accepted.

SALES TAX: All Kansas residents are required to pay Kansas State Sales Tax unless an exemption is provided at the time of purchase. All sales that are picked up in person at the Model A Medic are subject to Kansas sales tax.

PRICING: We will try to maintain prices listed in the catalog. However, with the extreme volatility in goods, WE RESERVE THE RIGHT TO CHANGE PRICES AS NECESSARY WITHOUT NOTICE. For the most up to date pricing, please refer to the website.

SHIPPING: We will ship your order whichever way you specify, UPS, FedEx, or USPS. If you don't choose a shipping method, we will generally choose for you based on what your order is. *All aerosol sprays can only be shipped by ground UPS.*

RETURNS: Returns are only accepted for 30 days after purchase invoice date. No returns are accepted after that date. **No returns on any electrical parts.** Parts must still be in original, sealed packaging. **EFFECTIVE JANUARY 1, 2024, DUE TO INCREASES IN PROCESSING FEES, THERE WILL BE A 10% RE-STOCKING SERVICE FEE DEDUCTED FROM ALL RETURNS.**

this is the cap that covers the brake adjusting wedge to keep the dirt out. these are made just like the originals made in usa **\$1.95**

**A2041T - BRAKE ADJUSTING TOOL**

this is the tool used to adjust the squared headed brake adjuster on the back side of the backing plates ... usa **\$12.95**

**A2042 - BRAKE ADJUSTING SHAFT**

these go on the brake shoe and rest against the brake adjusting wedge. need 8 per car **\$9.95**

**A2045 - BRAKE ROLLER PINS**

these are a precision made pin that have the correct diameter and shape head on them to work with the roller tracks. these are not the cheap china made pins that don't fit or work correctly made in usa. sold by the set of 8 **\$7.95**

**A2045-Q8 - BRAKE SHOE ROLLER PINS**

these are the pins that hold the rollers on the brake shoes. these should always be replaced when you are doing a brake job. ours fit and are made to the original ford prints in the usa. only sold in sets. 1 set per car **\$9.95**

**A2050 - FRONT BRAKE WEDGE**

front brake wedge ... very nice quality on this part! **\$26.95**

**A2051 - FRONT WEDGE STUD**

this is what holds the front brake wedge to the backing plate. these should always be replaced when you are replacing the front brake wedge. ours fit and are made to the original ford prints in the usa. 2 req per car. **\$13.95**

**A2051MB - WEDGE STUD NUT SET**

these are the nuts and cotter pins for the wedge studs ... usa. 1 set per car **\$1.65**

**A2075 - FRONT BRAKE PIN**

this is the long pin that goes inside the spindle bolt to activate the front brake. these should generally be replaced when doing a complete brake job. ... usa **\$3.95**

**A2075SH - FRONT BRAKE PILLS**

these are the pill shims that go in the front brake wedge to take up the slop between the actuator and the wedge. ** these should only be used when necessary** ...usa ...sold in pairs **\$1.10**

**A2076B - RIGHT FRONT BRAKE OPERATING SHAFT**

this goes inside the brake actuator housing on the front brake **\$39.95**

**A2077B - LEFT FRONT BRAKE OPERATING SHAFT**

goes inside the brake actuator on the front brakes. these are typically worn where the bushings run and can cause the front brake lever angle to be too far back **\$31.95**

**A2082-Q4 - FRONT BRAKE SHAFT BUSHINGS**

bushings for the front brake actuators. 1 set per car. ...usa. these will require reaming after installation. **\$6.95**

**A2082R - FRONT BRAKE ACTUATOR REAMER**

this is the reamer used to ream the bushings in the brake actuators ... made in usa **\$184.95**

**A2084 - FRONT BRAKE LEVER**

this is what your brake rod hooks to on the front brake. it's a very nice repro of the last production style of lever. ... usa **\$21.50**

**A2085 - FRONT BRAKE LEVER PINS**

these hold the front brake levers to the actuator shafts ... usa **\$0.95**

A2087S - BRAKE SHAFT DUST RINGS

these are the brake shaft dust rings that go over the shaft before the cam lever is installed **\$1.25**

**A2227 - REAR CAM SHAFT / EMERGENCY CAMSHAFT BUSHING**

these are the bushings that go in the rear brake camshafts and the rear emergency brake camshafts. they are very commonly worn out and must be replaced. ... usa ... 2 required per shaft. 8 required per car. **\$1.30**

**A2230 - REAR BRAKE CAM**

this is the cam used in the rear brakes. ... usa **\$7.95**

**A2231A - REAR BRAKE CAMSHAFT**

rear brake cam shaft. excellent quality on these. made in usa **\$19.50**

**A2231AR - EARLY 28 REAR BRAKE CAMSHAFT**

these are the special rear brake camshafts that were used from the start of production until about august of 28. made in usa **\$22.95**

**A2235C - REAR BRAKE LEVER - RIGHT**

this is the rear brake actuating arm for the right (passenger side). these are very high quality and correctly made **\$22.95**

**A2236C - REAR BRAKE LEVER - LEFT**

this is the left rear brake lever. very high repo product **\$13.95**

**A2238 - BRAKE LEVER PINS**

these pins hold the rear brake levers to the camshafts ... usa ... sold in pairs **\$1.25**

**A2240B - REAR GREASE BAFFLE**

used inside the rear hubs to keep grease out of the brakes ... usa **\$12.95**

**A2248 - REAR BACKING PLATE BOLT -LONG**

this the long bolt for the rear backing plates. sold by the each. ... made in usa **\$4.95**

**A2248/50 - REAR BACKING PLATE BOLT SET**

these bolts hold the rear backing plate and em brake carrier to the axle housing ... usa .. req 2 set per car **\$31.95**

**A2250 - BACKING PLATE SPECIAL CASTLE NUT**

this is the special nut for the rear backing plate bolts ... usa **\$2.00**

**A2455ACC - BRAKE PEDAL RETURN SPRING**

this part was not originally used but is considered to be an accessory item that will bring your brake pedal back up so that the brake light does not stay on all the time. it hooks around the brake pedal and extends to the original style motor mount. if using with float-a-motors, your will need to drill a hole for the spring. usa made item **\$6.95**

**A2457 - SPECIAL BRAKE PEDAL PIN USED IN 28-29**

this is the special brake pedal pin that was used in 28-29 to connect the link (a13507) to the brake pedal. made in usa **\$1.95**

**A2461 - BRAKE PEDAL ROD CLEVIS**

this is the clevis that goes on the short bake rod that connects to the brake pedal itself. forged steel ... usa **\$6.95**

**A2462 - BRAKE ROD CLEVIS PINS**

these are the pins that go in the brakes rods. sold in a set of 14 that will do the entire car. ... usa **\$0.45**

**A2463 - OVERSIZED BRAKE PINS**

these are the pins that go in the brakes rods. sold in a set that will do the entire car. these are oversized so that you can renew your worn parts by simply drill the worn holes oversized to .340 .. usa **\$5.95**

**A2465B - BRAKE PEDAL TO CROSS SHAFT ROD**

this rod connects the brake pedal to the cross shaft under the car ... usa. 1 req per car. **\$19.95**

**A2466 - BRAKE ROD CLEVIS END**

this is the clevis end that goes on the end of the 4 main brake rods. forged steel and very good quality! **\$5.95**

**A2477 - CROSS SHAFT BUSHINGS WOVEN**

these are the woven style of brake cross shaft bushings that were used from april of 1930 to the end of production. **2 required per car \$11.95**

**A2477B - BRAKE CROSS SHAFT BRONZE BUSHINGS 1-PC**

these are the original style 1 piece bushings that go on the end of the brake cross shaft. you must remove the arms on the ends of the cross shaft to install these. some repair and machine work maybe required ... usa **\$6.95**

**A2477BS - SPLIT BRONZE BUSHINGS FOR THE BRAKE CROSS SHAFT**

these are a split bronze bushing to repair the brake cross shaft with out having to remove the levers. **2 pairs required to do one cross shaft.** made in usa **\$14.95**

**A2477RK - BRAKE CROSS SHAFT REPAIR KIT**

this kit can be used if your brake cross shaft is lightly worn where the bushings run on the shaft. includes sleeves that loctite on to the shaft to provide a new running surface for the new bushings that are included in the kit. 1 kit does sides. made in usa **\$36.95**

**A2478/79 - BRAKE CROSS SHAFT BRACKETS**

these brackets hold the main brake cross shaft in place on the frame. its recommended to replace these when you replace the bushings on the brake cross shaft ... usa ... powder coated black **\$10.95**

**A2478/79MB - BRAKE CROSS SHAFT MOUNTING BOLTS**

bolts and castle nuts to hold the brake cross shaft on the frame ... usa **\$9.95**

**A2480 - BRAKE EQUALIZER SHAFT**

used only on the 1928 brake system unit late 28. goes in the fork in the center cross member to activate the 4 wheel brakes. **\$36.95**

**A2485RI - EMERGENCY BRAKE CROSS SHAFT RIVETS**

these are the big rivets that hold the arms onto the ends of the main brake cross shaft. made in usa .. 1 pair per car **\$1.50**

**A2499/B2864 - BRAKE ROD SET**

6 piece set of brake rods for your model a. usa made. some work may be needed to get the brake rod return spring installed on the rods. they are bare steel and will require painting. **\$115.00**

A2499B - SERVICE BRAKE RODS

this is the main brake rod for the car. 50 1/2 inches long. made in usa . **\$17.95**

**A2499N - BRAKE ROD LOCK NUT**

these are the special nuts to lock the clevis on the brake rod. 7 req. per car. sold by the each. . . .usa **\$0.69**

**A2503F - FLAT BRAKE ANTI-RATTLE SPRINGS**

these are the original flat style brake rod return/ anti-rattle springs. they install on the brake rod to help bring the brake rods back and to keep them from rattling. comes with the bolts to mount them. made in usa **\$11.95**

**A2504/2866B - WIRE STYLE BRAKE ANTI-RATTLE SPRING**

these were use on late 31 cars and trucks from sept 31 to the end of production. comes with the mounting hardware. will work on all years.... but only correct on late 31. made in usa **\$12.95**

**A2609L - EMERGENCY BRAKE BAND LINED**

this is a brand new brake band for the emergency brake. it has the lining already installed. fits all years except e28 . **\$71.95**

**A2624 - EM BRAKE SPRINGS**

these are the springs that hold the band top the carrier ... usa ... used all years . req. 2 per side **\$1.95**

**A2628 - EMERGENCY BRAKE TOGGLE LINK**

the are the links that connect the band to the connecting lever ... usa ... 2 required per wheel ... used late 28-31 **\$8.95**

**A2632 - EMERGENCY BRAKE CONNECTING LEVER**

this connects the emergency brake toggle lever to the connecting links ... usa ... 2 required per car. **\$19.95**

**A2633S - TOGGLE LEVER PINS**

this is the complete set of pins for both sides on the emergency brake inside the wheel ... usa .. 1 set per car **\$3.95**

**A2636A - EMERGENCY BRAKE TOGGLE LEVER**

this lever is what goes through the em brake carrier and connect to the em brake connecting lever ... made overseas , but high quality ... 2 req per car. this one allows you to grease it. grease zerk not included **\$34.95**

**A2637 - EMERGENCY BRAKE TOGGLE HOUSING**

this is the housing only for the toggle lever. these are commonly worn out and require replacing. **these must be swedged into your original emergency brake carrier. ours fit and do include the bushings!** made in usa. **\$11.95**

**A2642 - EMERGENCY BRAKE LEVER - RIGHT SIDE**

lever for the em brake rod to hook on to the backing plate ... passenger side ... fits all years **\$17.95**

**A2643 - EMERGENCY BRAKE LEVER - LEFT SIDE**

lever for em brake rod to attach to on the backing plate ... drivers side ... fits all years **\$17.95**

**A2794 - EM BRAKE HANDLE PAWL PIN 29-31**

this is the pin that holds the rod onto the brake handle on the 29-31 brake handle. you brake handle must be right of the gear shift for this pin to work **\$0.89**

**A2853A - EM BRAKE TO CROSS SHAFT ROD 28-29**

this rod connects the em brake handle to the cross shaft ... usa 28-29 only **\$17.95**

**A2864 - EMERGENCY BRAKE ROD**

this is the rod for the emergency brake. it runs front the em brake cross shaft to the backing plate **\$12.95**

**A3121 - SMALL KING PIN FELT**

these go at the bottom of the king pins between the backing plate and the king pin. the brake pin goes through them. 2 req. per car. made in usa **\$0.50**

**A13480BE - BRAKE LIGHT SWITCH 29-30 USA MADE**

this is a very high quality brake light switch that is made in usa and is made exactly like the original switch. a must if your going for fine point judging. this is the correct switch for cars from oct. of 1929 through sept. 1930. **\$52.95**

**A13507 - BRAKE LIGHT SWITCH LINK**

the link that connect the brake light switch to the pedal. 28-29 made in usa . you may also need the speacial pin to connect the brake pedal to the link. our part a2457 **\$2.95**

**KA1150 - BRAKE LIGHT SWITCH 28-29**

this style switch was used on all the 29-29 model and even a few early 30's. it bolts to the transmission tower on the left side and uses part # a13507 to connect to the special pin (a2457) that is in the pedal **\$11.95**

**X2018 - BRAKE SHOE RIVETING TOOL**

this is the tool required if you want to reline your brake shoes yourself **\$24.95**

**BUMPERS AND PARTS****17785MB - REAR BUMPER CROSS BRACE BOLTS**

these are the bolts to hold the rear bumper cross brace on 30-31. ..usa **\$7.90**

**A3019 - STAINLESS STEEL BUMPER CLAMP**

this is a stainless steel bumper clamp that has the blue inserts already done in epoxy so they will never come off or fade out. very nice looking clamp **\$19.95**

**A16528 - FRONT RADIATOR APRON MOUNT STUD SET**

these go through the frame on the 30-31 models to hold the bumper arms and the front lower radiator apron ... usacomex complete with all the hardware shown. **\$25.00**

**A17750-A - 28-29 FRONT BUMPER -CHROME**

this is a set of front bumper bars for 28-29. chrome plated all new steel. made in usa and very nice quality. **\$310.00**

**A17750-AS - FRONT BUMPER 28-29 SS**

this is a pair of stainless steel bumper bars for the 28-29 cars. made in usa from stainless steel for long lasting beauty and durability. these are the bumper bars only. they require a17759 bumper bar spacers and a17834 bumper end bolts to complete **\$405.00**

**A6600BURTZ - NEW BURTZ ENGINE OIL PUMP**

this is a new all usa made special oil pump designed for the burtz engines. has the pressure relief valve built into it. **\$520.00**

**A6603 - OIL PRESSURE FITTING - BURTZ**

this is the fitting you will need to replace on of the lower valve cover bolts on the burtz engine to get a hook up for an oil pressure gauge. **\$15.95**

**CARB CONTROLS****A9570C - SECONDARY ADJUSTMENT DRIVER - CAD PLATED**

this the part the choke rod hooks onto to be able to adjust the gav or pull the choke. made in usa and cad plated as original **\$12.95**

**A9700B - CHOKE ROD SET 28-29**

this is a complete choke rod set for 28-29 ... usa **\$13.95**

**A9700C - CHOKE ROD SET 30-31**

choke rod set for 30-31. this is a longer rod set than the 28-29 used ...usa **\$13.95**

**A9705 - CHOKE ROD SLEEVE**

this the lower sleeve that keeps the choke rod attached to the carbuator **\$1.50**

**A9709 - CHOKE ROD SPRING**

this is the spring that goes over the choke rod to return it ...usa **\$0.95**

**A9715 - LOWER CHOKE ROD GROMMET**

choke rod grommet for the firewall **\$3.95**

**A9715/17 - CHOKE ROD GROMMET SET**

this all the grommets for the choke rod...usa **\$5.95**

**A9725OR - ACCELERATOR CAP**

this installs inside the car on the throttle linkage . threads on. ... usa **\$5.95**

**A9737 - ACCELERATOR RETURN SPRING**

the is the spring on the accel linkage that returns the throttle ... usa **\$2.95**

**A9737AR - ACCELERATOR RETURN SPRING .. EARLY STYLE**

this is the throttle return spring for the early linkage prior to about october of 1929 **\$2.95**

**A9740S - CONTROL ROD SET**

these are the 3 control rods . 2 from the steering column and 1 from the carb to the accel linkage **\$16.95**

**A9742 - SHORT SPARK ROD**

this is the short spark rod that connects the hand throttle to the throttle linkage. ... usa **\$8.50**

**A9742/57 - CONTROL ROD SET ... USA MADE**

these are a usa made control rod set that is a bit higher quality than the overseas made ones. the ends themselves are nicer and tend to fit better on the receiving ball. they are also the correct length. **\$36.95**

**A9747 - 10.5" CARB THROTTLE ROD**

the rod from the carb to the accel linkage **\$10.25**

**A9757 - 17 IN SPARK ROD**

this is the long spark rod that goes from the steering column to the dist. **\$26.00**

A9765R - ACCELERATOR FOOT REST

accelerator foot rest that mounts to the floor board for your foot to rest on while driving. ... usa **\$4.95**

**A9770 - FOOT REST BASE**

this is the base that the foot rest threads into. mounts on the floor board. ... usa **\$3.95**

**A9770MB - FOOT REST MOUNTING SCREWS**

small, oval head wood screws to mount the foot rest base to the floor board. ... usa **\$0.95**

**CARBURETOR - MARVEL****A9502M - MARVEL CARB GASKET SET**

this is complete gasket kit for your marvel/ allstate carb. ...usa **\$4.95**

**CARBURETOR - TILLOTSON****A9447 - CARB MOUNT GASKET**

paper gasket to mount the carb. to the intake manifold **\$0.95**

**A9447C - COPPER CARB MOUNT GASKET**

mounting gasket for the carb to the manifold. made of copper ... usa **\$3.95**

**A9502T - TILLOTSON GASKET SET**

all the gaskets to rebuild the model x or xf carb. **\$2.50**

**A9534T - MAIN JET NOZZLE**

this is the main jet nozzle for the tillotson model x and xf carb. **\$9.00**

A9564A - MODERN FLOAT VALVE FOR TILLOTSON MODEL X,XF

this is a modern replacement float valve that works with the existing seat on the tillotson carbs. it is the float valve only and is installed using the original tilly seat.

\$10.95

**A9594S - TILLOTSON CARB KIT**

complete carb kit for the tillotson model x or xf carb. usa made

\$51.95

**A9596 - TILLOTSON BODY SCREW**

body screw set for the tillotson mod x and xf carbs. **\$3.95**

**A9614 - TILLOTSON FLOAT**

float for the model x carb. made in usa ... high quality **\$63.95**

**CARBURETOR - ZENITH****A6110 - AIR MAZE AIR FILTER**

the original accessory air filter for model a, the air maze provides a spark/ flame arrester in case of a back fire through the carb.

\$34.95

**A9161 - SIDE BOWL SEDIMENT ASSY**

this is a complete replacement side bowl assy. for your late 31 zenith carb. very nice quality in this part **\$56.95**

**A9161B - SIDE BOWL BOLT**

this is the large bolt that holds the side bowl to the carb. ... usa **\$6.00**

**A9161G - SIDE BOWL REBUILD KIT**

this is the screen and gaskets required to rebuild the side bowl filter assy **\$3.25**

**A9161V - DRAIN VALVE AND SPRING FOR CAST IRON SED BULB**

this is the little valve and spring that goes on the bottom of the cast iron sediment bowl on the side bowl carbs **\$7.00**

**A9447 - CARB MOUNT GASKET**

paper gasket to mount the carb. to the intake manifold **\$0.95**

**A9447C - COPPER CARB MOUNT GASKET**

mounting gasket for the carb to the manifold. made of copper ... usa

\$3.95

**A9502B - CARB GASKET SET B ZENITH**

complete gasket set for the zenith b carb **\$2.95**

**A9502S - ZENITH CARB GASKET SET**

all the gaskets to rebuild your zenith 1,2, or 3 carb. **\$3.95**

**A9510 - ZENITH CARBURETOR - NEW**

this is a brand new cast iron zenith carburetor that is an exact copy of the zenith 1. it performs just like the original and no exchange is required. made in usa. **\$699.00**

**A9510A - NEW ZENITH CARB W/ AIR BALANCE**

this is a brand new cst iron zenith carburetor that is internally modified in our shop so that it is air balanced and is designed to run perfectly with an air filter. the original carburetors did not have this feature and so perform poorly with an air filter installed. **\$695.00**

**A9511 - ZENITH JET TOOL**

this handy tool is used to remove the jets in the zenith and holly carbs. made in usa. **\$13.95**

**A9525 - ZENITH CARB ADJUSTING NEEDLE**

secondary jet adjustment needle. this is the one you turn with the choke rod ... usafits till, zenith, and holly made carbs **\$4.95**

**A9528 - ZENITH CARB ADJUSTING NEEDLE HOUSING**

adjustment needle housing for zenith. made in usa **\$8.95**

**A9534 - ZENITH MAIN JET**

this is the main jet for all zenith and holly carburetors. precision made in the usa **\$9.95**

**A9538 - CAP JET**

this is the cap jet for all zenith carbs, also fit the holly carbs. **\$9.95**

**A9542 - IDLE JET**

this is the idle jet for the zenith and holly carburetors. cnc made in the usa. **\$12.45**

this is a universal style key blank that will work on all years . they key will fit most all door locks including the repo's and will work with all original style pop-out switches. the key blank will not work with any of the repo ignition switches **\$4.95**

**A11586A - OVAL KEY BLANK**

this is an exact copy of the original oval key used in all 28-29 model a's. ...usawe can cut this to your specs if you give us the key code. the charge is 12.00 for this service. go to the services catagory to purchase this service.you need to send us an email with your key code to have it cut. **\$15.95**

**A11646 - WIRING HARNES 1 BULB WITH COWL LIGHTS**

this is the main wiring harness for 28-31 cars it is for one bulb head lights and cowl's lights. good quality made in usa. however, a little difficult to install on 28-29 models with the brake light switch mounted on the trans due the brake light wires being just a little short. does have the correct style hub for the light switch **\$104.95**

A11646T - WIRING HARNESS, 1-BULB, W/ COWL LIGHTS 28-31

this is a premium wiring harness made by tyree harris. this the most accurate harness made and the only one that 100% fits and works like the original. **a must for fine point builders!** the hub for the switch is correct on these . fits all years, 28-31 with cowl lights. all 100% made in the usa and the best your money can buy! **\$126.95**

**A11647 - WIRING HARNESS TWO BULB NO COWL LIGHTS 28-31**

this is the main wiring harness for 28-31 cars it is for two bulb head lights and no cowl lights. good quality made in usa. however, a little difficult to install on 28-29 models with the brake light switch mounted on the trans due the brake light wires being just a little short. **\$107.95**

**A11647T - WIRING HARNESS, 2-BULB, NO COWL LIGHTS 28-31**

this is a premium wiring harness made by tyree harris. this the most accurate harness made and the only one that 100% fits and works like the original. **a must for fine point builders!** the hub for the switch is correct on these . fits all years, 28-31 without cowl lights. all 100% made in the usa and the best your money can buy! **\$129.95**

**A11655/67 - LIGHT SWITCH BODY**

this what mounts at the bottom of your steering column to control the lights. made overseas but the quality is pretty good on this one **\$20.95**

**A11655/67USA - LIGHT SWITCH USA MADE**

this the usa made version of the light switch body for model a. it is made exactly like the original light switch **\$43.95**

**A12000-B2 - COIL WIRE RUBBER BOOTS**

rubber boots that go on the end of the coil wire ... usa **\$1.95**

**A12000CB - COIL BRACKET**

bracket to hold the coil on the firewall. powder coated black **\$3.95**

**A13004J - HEAD LIGHT VISORS**

these are the visors that mount under the headlight rim. they have a blue dot in them that illuminates when the lights are on. **\$15.95**

**A13075B1 - COMPLETE SOCKET FOR THE 29 1-BULB SETUP**

this is a complete socket setup for the 29 1-bulb. price is for one socket **\$11.95**

**A13075BR - HEAD LIGHT SOCKET FOR 28-29 TWO BULB**

this is a complete socket for the 28-29 two- bulb setup. price is for 1 unit. 2 req. per car **\$14.95**

**A13302X0 - COWL LIGHT CROSS OVER WIRE HARNESS**

the wire that connects the 2 cowl light together and to the main harness fits all years ...usa **\$23.95**

**A13350LED - 6 VOLT LED FLASHER WITH GROUND**

this is a new style flasher that actually works! this flasher will work on **any** 6 volt, positive ground, application., up to a total of 20 amps. this flasher is compatible with incandescent or led bulbs., or any combination of both. it also makes a very audible"clicking" sound just like the old time flashers. **\$26.95**

**A13705AR - DASH LIGHT**

dash light for 1928- early 1930. mounts in the center hole of the dash panel **\$28.95**

**A13705B - DASH LAMP COVER**

this is the cover only for the 30-31 dash lamps **\$11.95**

**A13771WS - DOME LIGHT W/ SWITCH**

this is the round dome light that was used in many of the cars included some 4drs and coupes. a very nice made unit! **\$49.95**

**A13802SW - STEWART WARNER HORN, BRAND NEW 6V**

this is a brand new horn by stewart warner. 6 volt modern style motor takes less amps to operate so if your wiring or switch is not quite up to snuff, this may work where the old one will not. **\$319.95**

**A13802SWT - STEWART WARNER HORN BRAND NEW 12 VOLT**

this is a brand new 12 volt horn by stewart warner. if your car is running on a 12 volt system, this is a must . no more need for resistors and voltage reducers to power the old 6 volt horn **\$293.00**

**A13803 - HORN VOLTAGE REDUCER**

if you want to use your 6 volt horn in a 12 volt system, this is a must to reduce the voltage to the horn. made in usa this is a heavy duty unit. **\$38.95**

**A13820 - HORN RELAY**

this is a relay that if your horn wiring is not real good, will still allow your horn to work properly by just using the original wiring and switch to power the relay instead of the horn itself **\$31.95**

**A14300-D - BATTERY DISCONNECT SWITCH**

this is the heavy duty battery disconnect switch that you need especially if your car is 6 volt. rated at 300 amps **\$27.95**

**A14300-DB - BATTERY DISCONNECT SWITCH**

this is a lighter duty battery disconnect switch that you need directly to the battery. not recommended for 6 volt applications. **\$8.95**

**A14300DMB - DISCONNECT BRACKET**

the bracket mounts your disconnect switch under the starter using the lower starter mount bolt. made in usa and powder coated black **\$7.95**

**A14300F - BATTERY CABLE**

original style main battery from the battery to the starter. cloth covered ... made in usa **\$31.95**

**A14300J - BATTERY DISCONNECT CABLE**

this the cable to hook up the battery disconnect switch. also can be used for an extra ground cable from the battery ground cable to the transmission. **\$18.95**

**A14302 - ORIGINAL COIL WIRE**

original cloth covered coil wire ...usa **\$3.95**

**A14302M - MODERN COIL WIRE**

this is a modern style coil wire that has the ends crimped on and rubber boots installed for a good connection **\$5.50**

**A14303-BLK - BLACK BULK WIRE**

this is black cloth cover wire commonly used in the model a for the dome light and parking lights. sold by the foot **\$1.50**

A14305 - COIL TO TERMINAL BOX WIRE

this is the black cloth covered wire that connects the negative side of the coil to the terminal box. made in usa **\$3.95**

**A14401B - TERMINAL BOX TO DASH PANEL HARNESS**

this is the correctly colored harness that goes from the terminal box to the dash panel. it has the correct terminals and is made in usa **\$21.95**

**A14406 - TERMINAL TO GENERATOR WIRE HARNESS**

this is the harness that goes from the terminal box to the generator. this is the fabric covered harness that was used from feb. 1930 to the end of production. however, it will work on all years. made in usa **\$19.95**

**A14406A - EARLY STYLE TERMINAL BOX TO GENERATOR WIRE HARNESS**

this is the early style harness that was in the metal conduit that goes from the terminal box to the generator. it was used from the start of production to jan 1930. made in usa **\$27.95**

**A14423AR - TAIL LIGHT EXTENSION WIRE FOR EARLY 28**

you use this wire harness to connect the tail light to the harness ... usa **\$7.95**

**A14423EX - TAIL LIGHT EXTENSION WIRE**

this is used on the drum tail light to connect to the main harness. 28-29 .. usa **\$7.95**

**A14428 - COWL LIGHT CROSS OVER WIRE**

this is the harness required to connect the cowl light to the wiring harness at the switch --- usa **\$16.95**

**A14450 - BATTERY CABLE SUPPORT**

this support bolts to the transmission bell housing and holds the battery cable so that it will not rub on the clutch or brake pedals and short out ... usa **\$6.50**

**A14461 - MALE BULLET CONNECTOR**

these are the connectors that go on the end on the wires on the wiring harness and tail light wires. they can be crimped on but it's recommended that they be soldered for the best connection **\$0.65**

**A14464 - FLAG TERMINAL**

authentic style terminal used throughout the model a wiring system ... usa ... high quality tinned brass **\$0.50**

**A14487 - FEMALE BULLET WIRE CONNECTOR - 6 PACK**

these are used to connect two bullet ends together. used on the tail lights and cowl lights .sold in package of 6 each. **\$6.95**

**A14487BULK - FEMALE BULLET WIRE CONNECTORS - EACH**

female bullet connector. sold as each. **\$0.85**

**A14560 - TERMINAL BOX**

terminal box that goes on the firewall and all the wires join here. comes complete with all hardware including the screws to mount it to the firewall. **\$12.95**

**A14560MB - TERMINAL BOX MOUNTING SCREWS**

screws to mount the terminal box to the firewall ... usa...fits all years **\$2.00**

**A14561L - TERMINAL BOX LID**

this is the lid only for the terminal box ... fits all years. may require some trimming to fit some original boxes **\$2.25**

**A14561WN - JUCTION BOX BRASS WING NUTS**

these are the special brass wing nuts that go in the front of the junction box to hold the cover on . 1 set required per car **\$2.95**

**A14577A - WIRE CLIP**

this is the clip to hold the generator wiring harness to the fire wall **\$1.50**

**A14577S - WIRE CLIP SCREW 12/24 ROUND HEAD**

this bolt and lock washer hold the speedometer clip to the fire wall and also is used on the outside of the firewall to hold the generator harness to the firewall. **\$0.60**

**A14595 - DRUM TAIL LIGHT WIRE CLIPS**

these are the special clips for the drum tail light to hold the wire to the tail light arm. **\$3.95**

**A14598 - LIGHT WIRE CLIP**

this is the special wire clip that holds the wire harness to the left frame railusa **\$1.99**

**A14600AS - FIREWALL GROMMET SET 28-30**

this set contains all the grommet locates on the firewall on the 28-early 31 straight firewall models **\$4.95**

**B14424 - TAIL LIGHT CROSS OVER WIRE**

this is the wiring harness to connect the right side tail light to the main harness. requires 4 each of a14487 to make the connections **\$24.95**

**B14578S - HEAD LIGHT CONDUIT SET**

set contains the two headlight and the horn conduit. this is a chrome conduit set that is the correct diameter to be able to get the three wires through for the two-bulb set up without a problem. the fit on the ferrule at the light hook up is not the best and may require some work to get it to hold. for the best quality set see our b14582s **\$19.95**

**B14582S - STAINLESS HEADLIGHT CONDUIT .. USA**

this is a usa made all stainless steel headlight conduit set. set has all three conduits in it. fits all years except early 28. these are a high quality set . **\$34.00**

**B14584B - HEAD LIGHT PLUG**

these are the plugs that go into the back of the headlight to separate the wires. sold by the each. need 2 per car **\$0.85**

**B14585L - WIRE CLIPS**

this is a set of wire clips to hold the wiring harness that goes to the back of the car to the frame ...usa **\$7.95**

**A11647A - 2 BULB WIRE HARNESS WITH COWL LIGHTS**

this is a two bulb harness that has the pigtail added for the cowl lights. can be used on all years 28-31 ... usa **\$115.00**

ENGINE PARTS

7-A-4250 - NEW SCAT COUNTER WEIGHTED CRANKSHAFT

this is a brand new counter weighted crankshaft made by scat cranks. set up the same as the factory crank in the rear main
\$1,845.00

70 - VALVE COVER BOLTS - RAVEN FINISH

original style raven finish bolts for the valve cover. used from dec. 1928 forward. **\$2.95**

126B - OIL PAN BOLTS - RAVEN FINISH

bolts to hold the oil pan on. original design raven finish. .. usa **\$6.95**

7850 - TIMING GEAR SIDE COVER GASKET

timing gear side cover gasket ... usa ... fits all years **\$1.50**

7880 - TIMING COVER GASKET

gasket for front timing cover. .. usa .. fits all years **\$1.95**

8790 - CAMSHAFT NUT WRENCH

this is the tool required to remove the nut on the camshaft **\$24.95**

9510 - FULL - FLOW OIL FILTER KIT

this is a full flow add on oil filter kit made just for your model a. replaces original valve cover with a new one that has the oil filter built into it. kit comes with instructions and all necessary gaskets to install. an absolute must for inserted engines. **must be used with later oil return pipe. \$169.95**

9511T - COPPER OIL FILTER INPUT TUBE

this is the bent copper tube for the add on valve cover style oil filter **\$15.00**

80697 - COPPER COAT GASKET COAT

copper spray for the head gasket **\$18.95**

415035 - REAR MAIN SEAL FOR BURTZ BLOCK

seal for rear main of the new burtz engines **\$29.95**

A116P - ENGINE PANS ..POWDER COATED

these are the pans that go on either side of the engine. they help with cooling and keeping water and debris off the engine and out of the engine compartment. these are very nicely made in usa product **\$97.95**

A5089-3 - REAR FLOAT-A-MOTOR PLATE

the rear plate for the rubber block on the rear aluminum mount **\$2.95**

A5089-Y - REAR FLOAT-A-MOTOR YOKE

this is the rear aluminum yoke for the float a motor kit ...usa **\$21.95**

A5089FAM - FLOAT-A-MOTOR SET

this is a complete float-a-motor setup to replace the solid motor mounts in the frame that hold the rear of the engine. helps to dampen unwanted vibrations from the engine ... this is the cast iron set which are stronger than the aluminum set. comes with the outer frame pads not shown. **\$119.00**

A5089R - FLOAT-A-MOTOR RUBBER ONLY

this kit contains all the replacement rubber parts for the a5089fam float-a-motor kit made in usa **\$22.95**

A5089RB - REAR FLOAT - A - MOTOR RUBBER BLOCK

this the rear rubber support block that goes on the rear of the transmission. **\$3.95**

A5090MB - REAR ENGINE MOUNT BOLT SET

rear motor mount bolts set ... usa ...fits all years. for use with original style or float - a - motor mounts **\$8.95**

A5092 - OUTER MOTOR MOUNT PAD

these are the outer pads only for the rear motor mounts. sold by the each. **\$4.95**

A5092/94 - MOTOR MOUNT PAD SET

these are the pads that go between the motor mount and the frame . if your brake cross shaft is hitting the drive line when you put on the brakes, you probably need to replace these **\$11.95**

A5092BS - REAR MOTOR MOUNT BOLT SET

this bolts set is what you need to install the rear motor mounts into the frame. has all the necessary pieces to do both sides. ... usa **\$15.95**

A5251X - MUFFLER CLAMP

this is a new style muffler clamp that does not have nuts on the bolts. instead, the back half of the clamp is threaded to replace the nuts. easier to install and works very well **\$17.95**

A5461A - CRANK GUIDE 28-29

this goes on the top of the cross member under the radiator to guide the hand crank into the front pulley nut. these are made overseas and fair quality. its best to use a good original. **\$15.95**

A6010 - STOCK RECONDITONED HEAD

this is a reconditioned stock head that has been sandblasted and magnafluxed checked for cracks. it has been surfaced and painted ford engine green and is ready to be installed when you get it. pictures for reference only. actual product may vary slightly. **\$195.00**

A6010AHS - HEAD SAVER CATHODE

used on engines with aluminum heads. prevents deterioration of the aluminum head. you hang it in the radiator from the filler neck. **\$9.95**

A6010BU - BURTZ HIGH COMPRESSION 6.5: 1 CAST IRON HEAD

this is the new burtz high compression cast iron head. ratio is 6.5:1. it can be used on any other model a or b engine that is set up with inserted mains and rods. not recommended for babbit bearing engines. **\$475.00**

A6010HC - HIGH COMPRESSION HEAD 5.5:1

this is a brand new high compression head that is made just like the original "police head" that ford sold. we will also check and resurface your new head as necessary to insure that your head gasket holds. we are the only vendor that will do that . it is recommended to use the b6051xo head gasket with this head. **\$405.00**

A6010HC6 - 6:1 HIGH COMPRESSION HEAD

if you want to get the most out your engine, this is the head for you! it has 152cc chambers and made of cast iron with a totally stock appearance. must be used with our b6051xo head gasket made in usa. we will also check and resurface your new head as necessary to insure that you won't have head gasket problems later on. we are the only vendor that will do that. there is a 1-2 day delay on shipping. **\$395.00**

A6011BU - BURNS VALVE COVER -A

this is an all new , very nicely reproduced, burns valve cover for model a engines. it replaces the stock valve cover and must be used with the later oil return pipe. a must have if your using a burns downdraft carb system! **\$131.95**

A6017MB - TIMING GEAR SIDE COVER BOLTS

bolts for the timing gear side cover
 . black raven finish. .. usa **\$5.95**

**A6019MB - FRONT TIMING COVER BOLTS**

these are the special domed bolts
 for the front timing cover. raven
 black finish. set of 7 bolts and lock
 washers ...usa **\$15.95**

**A6023 - TIMING PIN - SQUARE**

later style timing pin used in the
 front of the engine **\$6.50**

**A6025 - TIMING SET TOOL**

this handy little tool holds the timing
 pin against the gear to help you find
 the hole to locate top dead center
 on the number 1 cylinder while
 turning the engine **\$29.95**

**A6030A - FRONT MOTOR MOUNT YOKE**

this is the front motor mount
 support. goes under the front pulley
 . very nice quality forged yoke and
 powder coated black **\$39.95**

**A6030MB - FRONT ENGINE MOUNTING BOLTS**

bolts for the front engine motor
 mount. ... usa **\$2.95**

**A6031S - FRONT MOTOR MOUNT SPRING SET**

this the spring kit that goes
 between the front motor mount
 yoke and the frame. kit contains all
 neseccary parts. made in the usa
\$9.50

**A6051A - COPPER HEAD GASKET**

made in the usa by fel-pro so you
 know it's a quality product. copper
 on both sides with grey material
 between. can be installed on
 engines bored out as much as
 0.125. must be installed with firing
 ring crimp facing up. spray with
 copper coat for the best results. our
 part number 80697 **\$49.95**

**A6055 - CYLINDER SLEEVE**

these are the 3/32 wall sleeves
 used to sleeve the cylinders back
 to standard size. block must be
 bored to have these pressed in .
 they must have a 0.002 press fit or
 they could slip. **sold by the each.**
 .. usa **\$34.50**

**A6064/66 - HEAD STUDS AND NUTS**

its a good idea to replace the head
 studs and nuts when ever you
 change heads or head gaskets in
 order to get an accurate torque on
 the head . these are usa made
 grade 5 studs and nuts. they are
 able to withstand 60ft-lbs of torque.
 not recommended for high compression heads. for
 these, order our part a6064/66hd **\$36.95**

**A6064/66HD - CHROMOLLY HEAD STUD AND NUT SET**

this is the same as our standard
 stud/nut kit except the studs are
 made of 8740 chrome - moly steel
 which will not stretch. comes with
 grade 8 nuts ... usa **\$57.95**

**A6064N - HEAD NUTS SET OF 14**

set of grade 5 head nuts. cad
 plated made in usa **\$7.95**

**A6108SILV-STD - SILVOLITE PISTON SET**

silvolite standard size piston set .
 these use the narrow ring set part
 a6149astd ... usa **\$265.00**

**A6149A060 - PISTON RINGS USED ON E411 PISTON**

these are the rings used on the
 e411 .060 egge pistons. ... made in
 usa **\$34.95**

**A6149A080 - PISTON RINGS USED ON E411 PISTON**

these are the rings used on the
 e411 egge piston. .080 oversize.
 made in usa **\$44.95**

**A6149ASTD - STANDARD SIZED HASTINGS PISTON RINGS FOR BURTZ MODEL A ENGINE**

standard sized piston rings for burtz
 engine made in usa **\$44.95**

**A6149STD - PISTON RINGS STANDARD**

hastings piston rings standard size.
 made in usa **\$66.95**

**A6201USA - NEW USA MADE FORGED CONNECTING ROD**

this is an all new forged steel usa
 made connecting rod. a superior
 replacement to the babbit rod.

bearings are included with the set and you will need to choose your bearing size.

these rods are already balanced. set of 4 only.
\$725.00

**A6204-020USA - 0.20 UNDER ROD BEARING FOR USA MADE NEW ROD**

0.020 bearing for usa made new
 connecting rod **\$65.00**

**A6207 - WRIST PIN BUSHINGS**

wrist pin bushings. sold by the
 each. brass as original .. usa
\$3.95

**A6220 - MODEL A ROD SHIMS**

shim set for model a rods. these
 are laminated peel apart in .002
 intervals. ... usa **\$9.95**

**A6250BU - TOURING CAM, NEW, BURTZ**

this is the brand new touring cam
 for the burtz engines. it can also be
 used on any stock model a or b
 engine. 340 grind **\$495.00**

**A6250HP - TOURING CAM, , REGRIND CAM**

re-ground stock cam into a very
 nice touring profile with about a
 .335 lift. these cams preform very
 well and run nice and quiet. **a**

cored is required and must be

received before we will ship

ours. cores must be at least 1.558 in the

journals and no less than 1.220 one the

lobes. if you do not want to send a core, then you
 have the option of paying the 45.00 core charge. you
 must contact us to say which way you want to go.

these are 3 bearing cams. **\$150.00**

**A6252 - TIMING KIT**

this kit allows you set your timing
 right on the money using a timing
 light comes with everything pictured
 and instructions **\$38.95**

**A6252I - TIMING INDICATOR ONLY**

this is the indicator only from kit
 #a6252 **\$16.65**

**A6253 - CAMSHAFT DOWELS**

dowels for the camshaft gear.
 these press into the end of the
 camshaft to align the gear. ..usa
\$2.30

A6256-L003 - LAMINATED TIMING GEAR .003 OVERSIZED

if your timing gear backlash is excessive, it will cause the timing gear to knock and make noise. the solution could be to install an oversized gear. ... usa **\$89.95**

**A6256-L005 - LAMINATED TIMING GEAR .005 OVERSIZED**

this is an oversized timing gear for model a or b. if your having trouble with your timing gear knocking, it could be from too much backlash. this could be the solution. .. usa **\$89.95**

**A6259 - ORIGINAL STYLE CAMSHAFT NUT**

original style nut to hold the timing gear on the cam shaft ... usa **\$5.95**

**A6259M - HEX NUT STYLE CAMSHAFT NUT**

this is a hex wrench style camshaft nut that is easier to remove and tighten than the original style **\$9.95**

**A6275/76 - CAMSHAFT THRUST PLUNGER AND SPRING**

this goes in the front of the timing cover to keep the camshaft pushed back into the block. it's a good idea to replace this when doing your engine overhaul **\$4.50**

**A6303 - COUNTER WEIGHTED CRANKSHAFT**

this is a model a crankshaft that we do all the work for you. we take a standard model a crankshaft and weld the count weights (part number a6450) on for you. then the crank is ground and balanced. sold on exchange. exchange cranks must measure 1.620 or greater on the mains and 1.45 or greater on the rods. 75.00 core charge applies if no exchange is provided **\$700.00**

A6304 - PLASTIGAGE .001 TO .003

used to check bearing clearances. **\$4.95**

000750404 0000000000

A6306 - CRANKSHAFT GEAR

steel timing gear that presses onto the crankshaft **\$15.95**

**A6306USA - CRANK SHAFT TIMING GEAR USA MADE**

this is the same as the a6306 except it is usa made to tighter specs **\$32.95**

**A6307 - CRANK GEAR KEY**

this is the key for the crank gear. ... usa **\$1.20**

**A6310 - OIL SLINGER**

this goes on the front of the crank between the timing gear and the front pulley. its a very important piece that serves two purposes. it spaces the front pulley so that it will tighten up with the nut,, and it helps to sling oil off the nose of the crank to help with oil control out the front pulley. ...usa **\$5.95**

**A6312A - CRANK SHAFT PULLEY 2 PC**

this is a 2 piece crankshaft pulley for model a and b engines. this is a very high quality usa made pulley that fits **\$35.95**

**A6312B - CRANK PULLEY**

replacement front pulley for the crankshaft. this is the original one piece style. excellent quality. should be painted ford engine green. **\$28.95**

**A6319USA - CRANK RATCHET NUT**

ratchet nut for the front pulley on all model a's. made in usa and excellent quality **\$13.95**

A6328A - REAR OIL DRAIN TUBE - SMALL

rear oil drain tube for the rear main .. small diameter 5/16" ...usa **\$3.50**

**A6328B - REAR OIL DRAIN TUBE - LARGE**

rear main oil drain tube - large diameter -3/8" ... usa **\$3.50**

**A6331-10 - INSERT MAIN BEARINGS .010**

these are the inserts that are available for the model a engines. align boring of your block is required to install these **\$99.00**

**A6331-.040 - INSERT MAIN BEARINGS .040**

these are the inserts that are available for the model a engines. align boring of your block is required to install these. .040 undersized. **\$99.00**

**A6331/6204STD - ROD AND MAIN BEARINGS FOR BURTZ ENGINE - STD**

these are the rod and main bearings required for the terry burtz engine. these are sold by the pair. 12 pairs req per engine **\$6.95**

**A6332 - THRUST WASHER FOR INSERT MAIN BEARINGS - MODEL A**

this is the bronze thrust washer that is required if you are installing insert bearings in your model a engine. counter boring of the block is required. **3 required . \$17.95**

**A6340/46 - MAIN BEARING SHIMS**

set of laminated main bearing shims for model a. these are peel apart at .002 intervalsusa **\$13.95**

**A6376 - FLYWHEEL BOLT SET**

bolt set to hold the flywheel to the crankshaft ... usa **\$19.95**

**A6378MB - FLYWHEEL HOUSING BOLT SET**

set of 6 bolts for the flywheel housing including the throttle linkage bolts **\$8.95**

**A6384 - FLYWHEEL RING GEAR**

the gear that goes on the flywheel for the stater to engage ... usa **\$34.95**

**A6387 - FLYWHEEL DOWELS**

dowel set for crankshaft flywheel mount ... usa **\$5.95**

**A6395 - FLYWHEEL HOUSING, NEW , ALUMINUM**

this is a brand new cast aluminum flywheel housing, it's about half the weight of the original and very nicely made. ... usa **\$595.00**

**A6396 - FLYWHEEL HOUSING GASKET**

the gasket between the flywheel housing and the blockusa **\$0.95**

A6398MB - FLYWHEEL HOUSING INSPECTION COVER BOLTS

fine thread bolts that hold the inspection cover onto the flywheel housing **\$1.20**

**A6450 - CRANK SHAFT COUNTERWEIGHT SET**

these are the counterweight set to make your crankshaft counter weighted. they are a weld on style weight that could also be bolted on. sold in a set of 4 **\$80.00**

**A6500SL-Q8 - SINGLE LOCK TAPPET**

these single lock tappets are made to replace the original non-adjustable tappets that all model a's had. makes setting the valves much easier. made in usa. sold in sets of 8 tappets **\$134.95**

if the balls are worn on your steering arms ... and you access to a tig welder,, these can be used to replace them. you have to cut off the old ball, and center line drill the arm to accept the new one. then weld it in. we also arms with this all ready done. usa made **\$7.95**

**A3405RK2 - RADIUS REPAIR BALL**

if your radius ball is badly worn, it can cause your car to shimmy. outside of finding a better wishbone, this is your best option. must be welded in place. comes with instructions. fits all years except early 28. ... usa **\$102.85**

**A3425 - RADIUS BALL FELT**

the heavy felt pad that goes in the bell housing directly over the radius ball. held in with pin part number a3441 ...usa **\$1.95**

**A3435 - RADIUS BUSHINGS**

radius ball bushings only. price is a pair made in usa **\$2.50**

**A3440A - RADIUS BALL SOCKET BOLTS**

the bolts that hold the radius ball assembly to the transmission
\$6.75

**A3440N - RADIUS ROD NUTS**

these are the special nut that hold the radius ball cup up to the transmission ... usa sold in pairs
\$7.95

**A3440RE - REPLACEMENT RADIUS BALL ASSY**

this is a complete cast iron replacement radius cap assembly. this style uses the rubber ball
\$17.95

**A3440S - ORIGINAL STYLE RADIUS BALL ASSY**

this is the original style radius cap assembly, made in usa **\$29.95**

**A3440W - RADIUS BALL SHIM WASHER**

this washer is curved to fit the radius ball and is used with the original ball kit to take up wear. ...usa **\$2.95**

**A3441 - RETAINER PIN**

the long pin that goes through the bell housing to hold the felt pad in place **\$1.00**

**A3442 - RADIUS BALL SPACERS, SPRINGS, AND NUTS**

this is the hardware to hold the original style radius ball cap onto the bell housing. does not include the bolts **\$11.95**

A3445 - RADIUS BALL CAP SPRINGS

these are the two springs that go on the original style radius cap. springs only in this kit **\$1.95**

**A3446 - RADIUS RUBBER BALL**

used with the replacement style cap ... replacement rubber ball **\$3.95**

**A3590R - RECONDITIONED STEERING PITMAN ARM**

this is a reconditioned stock length pitman arm. the ball has been replaced with a hardened steel ball tig welded on **\$32.00**

**A3590S - SHORTENED PITMAN ARM**

this is an all new shortened pitman arm. it will help with your steering by making the car easier to steer **\$49.95**

**A5301 - FRONT SPRING SPREADER**

this usa made tool is used to easily and safely spread the front spring for removal. **\$64.95**

**A5304 - FRONT SHACKLE SET**

front spring shackle set for model a. these are an exact duplicate of the original forged shackles. the quality is excellent. no grease zerks are included. order a303026 sepaeratly **\$48.95**

**A5310A - FRONT SPRING**

this is a new replacement front spring that is made correctly for model a. has the ends beveled just like the original and is the correct thickness. if you front spring is sagging, this is your best solution. ... usa made. spring clamps are sold separately and are available if you need them. part number a5330x. if you purchase with a new spring, we will install at no extra charge. **\$199.95**

**A5345F - FRONT SPRING BOLT**

this the long bolt that holds the front spring leaves together ... usa **\$2.95**

**A5455A - FRONT SPRING U BOLTS 28-29**

these are the bolts that go through the front cross member to hold the front spring in the frame. 28-29 only available in sets of 2 usa made **\$24.95**

**A5455B - FRONT SPRING U BOLTS 30-31**

these are the front spring u-bolts for 30-31. price is per each made in usa **\$7.25**

**A5455N - FRONT U-BOLT NUTS**

these are the castle nuts used on the front spring u- bolts ... usacom as a set of 4 **\$8.95**

**A5458 - FRONT SPRING CLIP BAR**

this is the part that clamps the front spring into the cross member. made of cast iron just like the original. **\$12.95**

**A353026MS - MODERN GREASE FITTING - STRAIGHT SMOOTH**

this is a modern style straight grease fitting with a smooth drive in side instead of serrated or stepped. this will drive in much easier ,, just like the original. they are most commonly used on the repo spring shackles. ... usa **\$1.25**

**BB3333 - METAL TIE ROD SEAL CAP**

these are the metal caps that hold the rubber seals in place on the tie rod and drag link ends. made in usa ..1 set per car **\$3.50**

**STEERARMS - RECONDITIONED STEERING ARM SET**

this is a reconditioned set of steering arms sold on exchange only. **we must have your arms before we can ship you ours.** we remove and replace the balls with new ones that are a much harder steel than the original.. **your arms must be good and have no damage to the threads or they cannot be accepted.** left hand drive only. this is a complete set including the long pitman arm **\$195.00**

**STEERARMS1/2 - RECONDITIONED STEERING ARMS -- AMS ONLY -- NO PITMAN**

this is just the tie rod arms only. no pitman arm. order this set if your not replacing the pitman arm ,, or installing a new, shortened pitman arm. these are exchange only. **we must have your arms before we can ship your ours.your core arms must have good threads and must not be damaged in order to accepted.** **\$175.00**

FLYWHEEL AND CLUTCH**A6375BU - NEW BURTZ LIGHTENED FLYWHEEL**

this is the new lightened flywheel for the burtz engines. weight is 34 lbs and can be used on any model a or b engine running a counter weighted crankshaft. does not include ring gear. order part a6384 .ring gear. we can install this for you for and additional charge. see out "services" category for price. **\$440.00**

**A6376 - FLYWHEEL BOLT SET**

bolt set to hold the flywheel to the crankshaft ... usa **\$19.95**

**A6378MB - FLYWHEEL HOUSING BOLT SET**

set of 6 bolts for the flywheel housing including the throttle linkage bolts **\$8.95**

**A6380MB - CLUTCH HOUSING TO FLYWHEEL BOLTS**

bolts for the bell housing to the flywheel housing ... usa **\$4.95**

**A6384 - FLYWHEEL RING GEAR**

the gear that goes on the flywheel for the stater to engage ... usa **\$34.95**

**A6387 - FLYWHEEL DOWELS**

dowel set for crankshaft flywheel mount ... usa **\$5.95**

**A6395 - FLYWHEEL HOUSING, NEW , ALUMINUM**

this is a brand new cast aluminum flywheel housing. it's about half the weight of the original and very nicely made. ... usa **\$595.00**

**A6396 - FLYWHEEL HOUSING GASKET**

the gasket between the flywheel housing and the blockusa **\$0.95**

**A6398MB - FLYWHEEL HOUSING INSPECTION COVER BOLTS**

fine thread bolts that hold the inspection cover onto the flywheel housing **\$1.20**

**A7506/09 - BRAKE AND CLUTCH PEDAL SHAFT AND BUSHINGS**

this is the clutch and brake pedal shaft with the bushings for all the 28 -31 cars and trucks built with the single disc clutch set-up. this is no for the multi-disc clutch set-up ... usa **\$16.95**

**A7550A - CLUTCH DISC**

clutch disc for model a. it's always best to replace this when ever you rebuild or install a new engine. this is our lesser expensive disc that is a good quality disc but does not have a very good system for retaining the shock springs. **\$51.95**

A7550T - CLUTCH ALIGNMENT TOOL

use this tool to align the clutch disc with the pilot bearing before trying to install the transmission **\$5.95**

**A7562 - CLUTCH THROWOUT RETURN SPRING**

spring that hooks on the throw out bearing hub to return the clutch pedal back up to the floor. this should always be replaced when ever the throw out bearing is replaced. made in usa **\$1.45**

**A7563M - MODERN STYLE PRESSURE PLATE**

this is the modern, v-8 style pressure plate for use with the burtz flywheel or a cut-down modified stock flywheel **\$129.95**

**A7563MB - PRESSURE PLATE MOUNTING BOLTS**

set of grade 5 bolts and lock washers to mount the pressure plate to the flywheel **\$4.95**

**A7563X - NEW PRESSURE PLATE**

this is an all new stock pressure plate for model a and model b . very nice quality. no exchange required **\$192.00**

**A7580 - THROW OUT BEARING**

it is recommended to replace this bearing anytime your change or repair your clutch. fits all years except early 28 multi-disk. this is a timken brand bearing and is considered to be the very best you can buy. don't cut yourself short as this bearing works every time you shift the transmission made in usa **\$29.95**

**A7600 - PILOT BEARING**

this is the bearing that goes in the center of the flywheel to carry the end of the transmission shaft **\$4.95**

**A7600UNDER - UNDERSIZED PILOT BEARING**

this bearing can be installed and used if your transmission pilot shaft is worn from spinning inside of a bad pilot bearing. the transmission shaft has to be removed and machined to 0.626 to us this bearing. save you big money over replacing the input shaft on the trans. **\$18.95**

**A7609 - FLYWHEEL DOWEL RETAINER**

this piece goes between the flywheel and the flywheel bolts to ever prevent the two alignment dowels that are in the crankshaft from ever coming out. made in usa **\$2.95**

**B6400 - FLYWHEEL HOUSING SHIM**

these are the shims that go between the block and the flywheel housing. .. usa .. **sold by the each, 2 req. per car \$0.45**

**GAS GAUGE****A9300 - GAS GAUGE TOOL SET**

tool set for removing and replacing the gas gauge in the tank. made of aluminum so the won't mark up the chrome on the nuts ... usa **\$10.95**

**A9300D - GAS GAUGE COMPLETE W/ MODERN FLOAT**

this is a complete gas gauge for your model a. has the modern float already installed.this is an very high quality usa made unit! **\$89.95**

**A9313C - MODERN GAS GAUGE FLOAT**

gas gauge float made of modern material that is completely resistant to ethanol. you can install this float on your original gauge and forget it! ... usa **\$6.95**

**A9320S - GAS GAUGE REBUILD KIT W/ MODERN FLOAT**

this kit contains all the necessary parts to rebuild the gas gauge. made in usa **\$11.95**

**A9321/23 - GAS GAUGE GASKETS (CORK)**

this is the gasket set for the gas gauge . these are make of rubberized cork and will give the best performance against the ethanol fuels. the best on the market today! **\$2.00**

**A9323 - GAS GAUGE GLASS LENS**

glass lens for the gas gauge. ... usa **\$1.35**

**A9326 - GAS GAUGE INNER NUT**

the inner special nut for the gas gauge. this hold the glass and the indicator plate into the gauge **\$11.95**

**A9330 - GAS GAUGE OUTER NUT**

the outer nut that holds the gas gauge into the tank **\$7.95**

**GAS TANK / FUEL SYSTEM****13030 - SEDIMENT BOWL GASKET AND SCREEN KIT**

the gasket and screen for the glass sediment bowl. made in usa **\$3.95**

**#46-A - FIREWALL TO TANK SCREWS 28-29**

these are the bolts used bolt the front firewall to the gas tank in 28-29 **\$6.95**

#46-AR - REAR COWL TO TANK SCREWS

these are the screws to install the gas tank to the cowl for 28-29 ...usa **\$3.75**

#46-B - GAS TANK /BELT RAIL BOLTS 30-31

these bolts hold the gas tank into the belt rail on the 30-31 models **\$5.95**

**A3519 - STEERING COLUMN CLAMP**

this is th clamp that holds the column up to the column support on the gas tank or the dash if it a late 31. over seas made part, but very nice quality. **\$19.95**

**A3519BT - STEERING COLUMN CLAMP BOLTS**

the bolts that hold the steering column clamp. part a3519 usa made **\$3.95**

**A9002X - HIRSCH GAS TANK SEALER**

this is what you use in your gas tank after you clean it out .if you have used any kind of acid cleaner, you will need to use this sealer to coat the inside of the tank to prevent it from rustin again. formulated for today's gasoline included the ethanol blends. 1 quart will treat a gas tank. **tank must be out of the car to properly use this product. \$46.95**

**A9020T - FILTER SCREEN TOOL**

this is the tool required to get the gas tank scree to unscrew out of the gas tank. best of the two manufactures available. **\$6.95**

**A9030A - GAS CAP 28-29 THREAD ON**

threaded on style chrome gas cap for 29-29. **\$25.95**

A9030B - GAS CAP 30-31 TWIST LOCK

original eaton design stainless steel gas cap for 30-31. this is an exact duplicate of the cap that your model a came out of the factory with. excellent quality **\$19.50**

**A9035 - GAS CAP GASKET 30-31 TWIST LOCK**

original style gasket made of leather for the 30-31 twist lock eaton style gas cap **\$1.00**

**A9155 - GLASS SEDIMENT BOWL**

this is a complete replacement glass sediment bowl for all years of model a except late '31. it is made in usa and just like the original **\$52.95**

**A9155/56A - GLASS SEDIMENT BOWL WITH MICRO FILTER**

new glass sediment bowl with micro filter installed. fits all years except late 31 indented firewall. **\$56.95**

**A9155RK - REBUILD KIT FOR CAST IRON SEDIMENT BOWL**

this is the rebuild kit for the cast iron sediment bowl. has everything inside the bowl and the new lead gasket at the bottom **\$4.95**

**A9156A - MICRO FILTER FOR SEDIMENT BOWL**

if your fuel system is very dirty,, this will help keep the fine particles out of the carb. fits inside the glass sediment bowl. **glass sediment bowl is not included. \$15.95**

**A9161 - SIDE BOWL SEDIMENT ASSY**

this is a complete replacement side bowl assy. for your late 31 zenith carb. very nice quality in this part **\$56.95**

**A9161B - SIDE BOWL BOLT**

this is the large bolt that holds the side bowl to the carb. ... usa **\$6.00**

**A9161G - SIDE BOWL REBUILD KIT**

this is the screen and gaskets required to rebuild the side bowl filter assy **\$3.25**

**A9171 - LATE 31 FUEL VALVE GROMMET**

the grommet that goes in the indented firewall around the fuel valve ... usa **\$4.95**

**A9189A - FUEL SHUT OFF VALVE**

this is the valve that goes under the gas tank on all the 28-early 31 cars and trucks. has all brass construction and made in the usa. this is an all new ball valve design that works! **it is recommended that part # a9193tx filter screen be used with this valve.** if you purchase both parts together, we will install the screen to make sure that it fits properly before sending the valve to you. **do not order part a9189a filter screen as it will not fit this valve. \$34.95**

**A9189B - FUEL SHUT OFF VALVE LATE 31**

fuel shut valve for late '31 with the indented firewall. made in the usa **\$39.95**

**A9193T - FUEL SHUT OFF VALVE FILTER SCREEN**

this goes in the inlet side of the fuel shut off valve to keep small particles from scoring the valve when you turn it off and on **\$6.95**

**A9193TX - GAS VALVE SCREEN FOR NEW STYLE GAS VALVE**

if you purchased a new gas valve from us,,, part a9189a,, this is the screen you will need **\$9.95**

**A9230AR - INSIDE GAS LINE 28-29**

this is the line that goes from the gas valve under the tank to the sediment bulb on the firewall ... usa **\$15.95**

**A9230B - INSIDE GAS LINE 30-31**

this line from the gas valve under the tank to the sediment bulb 30-31 **\$15.95**

**A9240B - OUTSIDE GAS LINE**

this line goes from the sediment bulb to the carb. fits all the 28-early 31 cars and trucks **\$8.95**

**A9240C - OUTSIDE GAS LINE LATE ,31**

this the outside gas line for the late ,31 teardrop firewall cars and trucks **\$8.50**

**A9243 - GAS LINE FITTING**

this is the fitting only for the gas line . comes with the ferrule as shown. 2 required per line. **\$2.75**

**A9243B - GAS LINE FITTING ORIGINAL FOR 1931**

these are the fittings originally used in 1931. they have the 9/16" ferrule nut. sold by the each ... usa **\$3.00**

**A9299A1 - GAS TANK ANTI-SQUEAK WELT 28-29**

this is used in the front cowl assembly between the pieces of the fire wall and gas tank. comes in a roll enough to do one car ... usa **\$4.95**

**A9299B - GAS TANK ANTI-SQUEAK WELT 30-31**

used when installing the gas tank in a 30-31 car. goes between the fire wall and the tank and the tank filler strip and the tank ... 1 roll per car. .. usa **\$4.95**

**A9300D - GAS GAUGE COMPLETE W/ MODERN FLOAT**

this is a complete gas gauge for your model a. has the modern float already installed. this is an very high quality usa made unit! **\$89.95**

**A9300PDF - COMPLETE GAS GAUGE**

this is a complete gas gauge assembly with a alcohol resistant float already installed.. you will need to assemble the unit before installing. very nice quality. **\$51.95**

**A9320S - GAS GAUGE REBUILD KIT W/ MODERN FLOAT**

this kit contains all the necessary parts to rebuild the gas gauge. made in usa **\$11.95**

**A9321/23 - GAS GAUGE GASKETS (CORK)**

this is the gasket set for the gas gauge . these are make of rubberized cork and will give the best performance against the ethanol fuels. the best on the market today! **\$2.00**

**A9326 - GAS GAUGE INNER NUT**

the inner special nut for the gas gauge. this hold the glass and the indicator plate into the gauge **\$11.95**

**A9330 - GAS GAUGE OUTER NUT**

the outer nut that holds the gas gauge into the tank **\$7.95**

**A35266AR - GAS TANK CLAMPS FOR 28-29**

these are used doe both sides of the cowl to pinch the gas tank tightly to cowl. there should be 10 total,,, 5 on each side. ..usa **\$2.50**

A35266BR - GAS TANK CLAMPS

these are the clamps that go inside the cowl along the top to clam the edge of the gas tank to the cowl. there should 4 total .. 2 on each side. made in usa **\$4.95**

**A35266MB - BOLT SET FOR THE GAS TANK CLAMPS 28-29**

these are the bolts for the 28-29 gas tank clamps, originally, these were a 3/8 in head .. however those are no longer available. usa **\$3.95**

**B9349A - FUEL PUMP KIT MODEL B**

this is a complete rebuilding kit for your model b fuel pump.. made in usa **\$46.95**

**B9391 - GASKET AND DIAPHRAM KIT MODEL B**

this is a gasket on diaphragm kit for the model b fuel pumps. made in usa **\$24.95**

**MEDICSEAL - MEDIC SEAL GAS TANK/ BLOCK REPAIR EXTERIOR SEALER**

medic seal is a 2-part manganese cured sealer that is used to repair leaks in fuel tanks. it is resistance to all types of fluids and can withstand temps up to 350 degrees f. it can be used to repair the leaks that commonly occur on the steering column mount on the model a gas tanks. it is also be proven to be very effective in repairing external freeze cracks on the cooling jackets on model a engines. sets in about 4 hours and is dark gray in appearance. can be painted to match. comes with full instructions **\$32.95**

**GENERATOR/ALTERNATOR****14971 - ALTERNATOR BRACKET**

bracket that is required to mount an alternator on your model a. made in usa **\$29.95**

**A10000F - GENERATOR FIELD COIL SET**

field coil set for model a generators . not for powerhouse ... usa **\$59.95**

**A10001AHD - 6 VOLT POSITIVE GROUND ALTERNATOR**

this is a 60amp output heavy duty alternator. all new inside and an absolute must if you are running quartz halogen head lights. all assembled in the usa. this is the alternator only. if you are doing a new install, you will also need the mounting bracket part # a10002 and a10152 belt tightener. availability on these is sometimes limited and may cause delays in shipping. it's recommended to us the 30 amp meter with these part a1052 warranty on these is 1 year **\$198.00**

**A10001POGEN - 6 VOLT , POSITIVE GROUND POWER GEN ALTERNATOR**

power master 6 volt alternator that looks just like the original generator. if your wanting an alternator without loosing the original look of the generator, this is what your looking for. 6 volt , 60 amp, positive ground. comes as pictured. ..usa **\$427.99**

**A10002AHDKIT - 6 VOLT HD 60AMP ALTERNATOR KIT**

use this kit and convert your 10si alternator into a 60 amp , 6 volt unit. contains all parts necessary for the conversion and instructions on how to do it. **\$49.95**

A10048 - BRUSH SPRING HOLDER

this part slips over the stud that the brush holder pivots on. ...usa **\$2.49**

**A10103 - GENERATOR POST KIT**

post kit to hook up to the cutout on most original generators ... usa **\$5.95**

**A10128 - GENERATOR END PLATE BUSHING**

this was used in generators from april of 1930 to the end. usa **\$4.95**

**A10130-ALT - ALTERNATOR PULLEY**

pulley to convert you delco 10si alternator to work with a model a belt **\$26.50**

**A10130AU - RECON. GENERATOR PULLEY LONG NOSE ARMATURE**

this is the correct pulley for all the long nose generators from 29-31 **\$25.00**

**A10152 - ALTERNATOR TENSIONER**

used to keep your fan belt tight. for use with alternator or generator. made in usa **\$7.50**

**A10505SS - SOLID STATE CUT OUT HD 20 AMP**

this is the cut out that goes on the generator to act as a disconnect when the engine is not running. these commonly stick on as the originals all use contact points. the new ones are all solid state. **\$59.95**

**A10550 - CUTOOUT "L" CLIP**

this the clip originally used to connect the cutout to the generator post **\$0.95**

**A10563 - CUT-OUT INSULATOR WASHERS**

these are the insulators that go on the sides of the cutout where the wires and the l clip are attached **\$4.65**

**A10564 - CUT-OUT SCREWS**

these are the screws for the cutout terminals **\$1.40**

**A14577A - WIRE CLIP**

this is the clip to hold the generator wiring harness to the fire wall **\$1.50**

**RY531651 - 12VOLT NEGATIVE GROUND ALTERNATOR**

this is a 60amp output single wire hook up alternator . a must have if you are converting to 12 volt. **exchange is required or pay a 40.00 core charge. you must send us an email with information on which way you want to go. we will not ship you order if you don't \$98.95**

**GROMMETS****A8210AS - RADIATOR SHELL GROMMETS 28-29**

these are the three grommets that fit into the side holes on the radiator shell for the conduits to come through. 28-29 are a little smaller than the 30-31's **\$3.95**

**A8210BS - RADIATOR SHELL GROMMETS 30-31**

these are the three grommets that fit into the side holes on the radiator shell for the conduits to come through. 30-31 are a little larger than the 28-29's. made in usa **\$3.95**

**A9717 - UPPER CHOKE GROMMET**

the grommet that goes in the bracket on the gas tank for the choke rod **\$1.20**

**A11480COR - AUTHENTIC STARTER ROD GROMMET**

this is authentic starter rod grommet used from july 1930 to november of 1930 with large round hole in the firewall. it's judging standards approved and is 100 percent correctly made. ... usa **\$12.95**

A11580 - GROMMET

the grommet for the junction box or the battery cable hold down ... usa **\$2.95**

**A12000-B2 - COIL WIRE RUBBER BOOTS**

rubber boots that go on the end of the coil wire ... usa **\$1.95**

**A14600AS - FIREWALL GROMMET SET 28-30**

this set contains all the grommet locates on the firewall on the 28-early 31 straight firewall models **\$4.95**

**A14600BS - FIREWALL GROMMET SET LATE 31**

all the firewall grommets for the late 31's with the indented firewall ... usa **\$6.50**

**A41484 - RUMBLE LID BUMPER SET**

these are the rubber bumpers that go on the upper bumper supports for the deck lid to close against ... usa. these sometimes require trimming to get your deck lid to the proper height. **\$7.95**

**HEAD LIGHTS****236-103 - FOCUSED BEAM LED HEADLIGHT BULB**

this is a brand new led head light bulb for your model a! it is an internally focused bulb meaning that it does not utilize the original reflectors. these can be used on 6 or 12 volt and positive or negative ground systems. with the low power draw, you can continue to run your original generator too! **\$48.50**

**17940 - 1 BULB ALUMINUM HEAD LIGHT REFLECTOR**

sold in pairs at the lowest price anywhere!, made of high quality polished aluminum, these are this highest quality reflectors available on the market today. these are the 1 -bulb style. fits 28-31 **\$99.95**

**17950 - ALUMINUM FINSHIED HEADLIGHT REFLECTOR 2-BULB**

sold in pairs at the lowest price anywhere!, these are this highest quality reflectors available on the market today. these are the 2 -bulb style. fits 28-31 **\$109.95**

**20421 - HEADLIGHT WIRE TERMINALS PACK OF 6**

these are the special flat topped terminals for the headlights. these are originally pin crimped on. however. they are easily soldered on also **\$4.95**

**A1066 - HEADLIGHT BULB 6 VOLT 32-50CP**

main headlight bulb for 6 volt 32-50 cp **\$2.95**

**A1069 - HEADLIGHT BULB 12 VOLT 32-50CP**

main headlight bulb in 12 volt. 32-50 cp **\$2.49**

**A3616B - HORN ROD 45 3/4 LONG 1928-29 7-TOOTH**

this is the horn rod for the 28-29 7-tooth sectors ... measures 45 3/4 long **\$95.00**

**A3616C - HORN ROD 45 LONG 1929 2- TOOTH**

this is the horn rod to fit the 29 2 tooth gemmer sector box **\$135.95**

**A3616F - HORN ROD 45 3/4 LONG 1930, 31**

this is the horn rod for the 1930 -31 column. it measures 45 3/4 inch long. this is for the ford built box but may be found in some gemmer boxes used in 1931 also **\$135.00**

**A3616H - LIGHT SWITCH ROD 45 31/32 LONG**

light rod for 30-31 45 31/32" long. this is the most popular light rod for 31 cars **\$135.00**

**A3616RK - HORN ROD REPAIR KIT**

this kit is used to repair you original horn rod. made in usa has the wire , insulator , and contact **\$6.95**

**A3643 - LIGHT SWITCH SPIDER**

this is the piece that goes on the end of the light switch rod to turn the lights off and on. **\$3.95**

**A3643T - SPIDER RETAINER TOOL**

this is the tool used to install the retainer clip on the end of the light switch rod .. usa **\$9.95**

**A3644 - SPIDER RETAINER CLIP**

the little c shaped clip that goes on the end of the horn rod to hold the spider ... usa **\$1.20**

**A3647 - LIGHT SWITCH BAIL**

this part holds the light switch on the bottom of the steering column. fits 28-31 **\$2.00**

**A8210AS - RADIATOR SHELL GROMMETS 28-29**

these are the three grommets that fit into the side holes on the radiator shell for the conduits to come through. 28-29 are a little smaller than the 30-31's **\$3.95**

**A8210BS - RADIATOR SHELL GROMMETS 30-31**

these are the three grommets that fit into the side holes on the radiator shell for the conduits to come through. 30-31 are a little larger than the 28-29's. made in usa **\$3.95**

if you threads are bad on you radiator cap, this is the solution. this is a replacement radiator neck for the 28-29 radiators with the thread on cap. must be soldered on. ... usa **\$34.95**

**A8001BN - 30-31 RADIATOR FILLER NECK**

this is a replacement filler neck for the 30-31 radiators. must be soldered on ... usa **\$74.95**

**A8100A - RADIATOR CAP 28-29**

nice authentic style chrome cap with gasket **\$21.95**

**A8100B - RADIATOR CAP 30-31**

original eaton design cap. made of stainless steel. excellent quality!! **\$19.95**

**A8110A - RADIATOR CAP GASKET, 28-29**

gasket for the screw on radiator cap used in 28-29 **\$1.00**

**A8110B - RADIATOR CAP GASKET 30-31**

gasket for the stock radiator cap on 30-31 ... usa **\$1.25**

**A8115OR - ORIGINAL STYLE PETCOCK**

this is the original style petcock for all years 28-31. made in usa **\$26.95**

**A8115RE - REPLACEMENT STYLE PETCOCK**

this is a replacement style petcock for the driver car. made in usa **\$8.95**

**A8125 - RADIATOR MOUNTING PADS**

these go under the radiator mounts to the frame. if you having trouble getting your hood to line up, you can add these to shim the radiator up **\$1.20**

**A8130F - ORIGINAL STYLE RADIATOR MOUNTING SET**

these are the original style bolts for mounting the radiator **\$12.95**

**A8130S - RADIATOR MOUNTING KIT**

complete radiator mounting kit. uses plain nuts instead of nut with cotter pins **\$4.95**

**A8133A - RADIATOR BRACE RODS**

these go from the firewall to the radiator. made of cad plated steel **\$24.95**

**A8140/41 - RADIATOR BRACE ROD BRACKETS**

these are the brackets on the firewall that the radiator brace rods attach to. originally, they are riveted on. they can be bolted on using out a8140mb bolt set **\$4.95**

**A8140/41-SS - RADIATOR BRACE ROD BRACKETS STAINLESS STEEL**

radiator brace rod brackets in stainless steel. **\$15.95**

**A8140MB - RADIATOR BRACE ROD BRACKET BOLT SET**

bolts used to hold the radiator brace brackets to the firewall. **\$4.95**

**A8200BS - RADIATOR SHELL MOUNT SET**

all the correct size and style bolts, nuts, and washers for mounting the radiator shell to the radiator. made in usa **\$2.95**

**A8200C - RADIATOR SHELL, 28-29 CHROME**

this is new chrome plated radiator shell for 28-29. the quality and fit on these is good.. they do not come with the lacing, ford emblem, or crank hole cover. order a16739a, a8212a, and a82126a for those items **\$319.95**

**A8210BS - RADIATOR SHELL GROMMETS 30-31**

these are the three grommets that fit into the side holes on the radiator shell for the conduits to come through. 30-31 are a little larger than the 28-29's. made in usa **\$3.95**

**A8212A - RADIATOR FORD EMBLEM**

radiator shell center emblem used from 1928-1930. has the blue background like original. uses a clip to hold it in which is better than the original press in style ... usa **\$26.95**

**A4244 - REAR AXLE HUB GASKET**

these go on the outside of the rear hub ,,, between the axle washer and the hub, to keep grease from seeping out **\$1.60**

**A4244SW - REAR AXLE WASHER**

this is the washer that goes between the nut and the fiber hub seal (a4244) ... usa sold in pairs **\$2.95**

**A4245 - AXLE AND DRIVE SHAFT SEAL**

the seal for the axle and driveshaft. this seal goes inside the torque tube to hold the lube from running down the drive line and inside the rear axle housings to keep the rear end lube from getting into the rear hubs. fits all years **\$3.50**

**A4246 - SEAL DRIVER**

tool used to install the seals in the rear axle ... usa ... screws on the 1/2 ntp pipe **\$11.95**

**A4505MB - TORQUE TUBE MOUNTING BOLTS**

the bolts to hold the torque tube to the banjo housing. correct head on these. fits all years ...usa **\$11.95**

**A4616 - PINION BEARING CUP**

the double bearing cup for the pinion gear made by timken ... usa fits all years 28-31 **\$59.95**

**A4634 - PINION NUT**

special nut required to set the bearings on the pinion gear. 2 required per car. ... usa **\$3.95**

**A4636 - PINION NUT LOCK WASHER**

this is the special lock washer used to lock the two pinion nuts so they cannot come loose. this should always be replace during a rear end overhaul **\$2.60**

**A4637 - PINION THRUST WASHER**

this goes behind the inside pinion nut. **\$2.95**

**A4645 - DRIVE SHAFT BEARING**

this is the bearing for the drive shaft. it goes in right behind the trans. **\$19.95**

**A4655 - DRIVE SHAFT BEARING SLEEVE**

this the sleeve that goes inside the end of the torque tube for the drive shaft bearing to run on **\$9.95**

**A4750MB - REAR RADIUS BOLT**

bolt to hold the rear radius arms to the torque tube **\$7.95**

**A5345R - REAR SPRING CENTER BOLT**

this is the center bolt for the rear spring. has the proper square head to fit in the center of the rear cross member ... usa **\$3.50**

**A5560AS - REAR SPRING ANTI-SQUEAK**

this is the pad that goes between the cross member and the spring to prevent the spring from squeaking **\$0.75**

A5630 - REAR SPRING SHACKLES

these are an exact copy of the original forged shackles. the quality on these is excellent. the bushings may need to be lightly reamed after installation. we also sell the bushing driver for easier installation. **grease fittings are not included.** also fits aa truck 1 1/2 ton front. order a353026 for stock fitting **\$51.95**

**A5708A - REAR SPRING CLIP BAR**

used to hold the rear spring in the cross member. this is for the 10-11 leaf spring **\$7.95**

A5708B - REAR SPRING CLIP 7-8 LEAF SPRING

this is what holds the rear spring into the cross member. **\$7.95**

A7084 - UNIVERSAL JOINT REBUILD KIT

this kit has all the parts need to rebuild your later model universal joint. not for the riveted, early style. your castings must be in good condition for this kit. **\$46.95**

**A7090 - COMPLETE NEW UNIVERSAL JOINT**

this is a complete new universal joint. quality on these is fair. its best to use a good original if possible. **\$124.95**

**A7095MB - U - JOINT BOLT W/ LOCK WASHER**

this is used to hold the u-joint onto the transmission shaft. it is recommended to replace this bolt whenever you have the u-joint removed ... usa **\$0.75**

**A17275 - SPEEDOMETER CASE GASKET**

gasket that goes between the speedometer gear case and the torque tube. ... usa ... used all years **\$1.20**

**A17286 - SPEEDOMETER GEAR SNAP RING**

this holds the gear and the thrust washers onto the drive shaft. ... usa **\$0.95**

**A17290 - SPEEDOMETER GEAR THRUST WASHER.**

this washer goes between the drive shaft roller bearing and the speedo drive gear. you may need 2 of these to properly center the speedo drive gear in the opening. made like the original in usa. **\$2.50**

**A353026MS - MODERN GREASE FITTING - STRAIGHT SMOOTH**

this is a modern style straight grease fitting with a smooth drive in side instead of serrated or stepped. this will drive in much easier, just like the original. they are most commonly used on the repo spring shackles. ... usa **\$1.25**

**M400 - 600 WT OIL**

this is the correct oil for the transmission, rear end, and 2 tooth steering column. 1 qt bottle must be shipped ground. **\$17.95**

**RESTORATION SUPPLIES****64-52830 - RIVET, ROUND HEAD, 5/16" X 1.5" LONG**

frame rivet used to hold running board arms on. 2 required also, 10 each of rv6 are required **\$2.00**

**80065 - SPRAY HIGH TACK GASKET SEALER**

this is a high tack, red, spray gasket sealer that is used on the graphite head gaskets for that extra insurance against failure. 8 oz can will do about 5 head gaskets. **must be shipped ups or fed ex ground. cannot be shipped us mail \$13.95**

**82180 - PERMATEX BLACK ULTRA SEALANT**

black permatex rty sealant for use on gasket surfaces to help prevent leaks. **\$7.49**

**#37SS - STAINLESS STEEL COTTER PIN SET**

this is a cotter pin set for the entire car. has every cotter pin required for your model a. all stainless steel. made in the usa. **\$13.95**

steering sector shaft for the 1930-31 2-tooth steering columns. the worm gear must be pressed on using a special jig or the shaft will bend in the process. made in usa to the original gemmer specs. you may want to purchase the gear and have us install it if you do not have the capability to do this yourself. **\$94.50**

**A3524CD - 2-TOOTH WORM GEAR**

this is the worm gear for the 2 tooth steering gear boxes. it's recommended to always replace this if your sector is being replaced. **\$69.95**

**A3526T - STEERING SHAFT THREAD REPAIR**

if your steering wheel threads are bad, and you can repair them, this is the last resort next to replacing the entire shaft. this is a thread repair insert that can be installed to repair your original shaft. **\$18.95**

**A3527T - OIL STAND PIPE TUBE**

installs in the end of the housing to prevent the 600wt lube from leaking out into the light switch. it may require machine work to fit some 7 tooth boxes. ...usa **\$16.95**

**A3529 - LIGHT SWITCH ROD BUSHING**

installs at the top of the light rod to help prevent turning of the light switch when you turn the steering wheel. this will not help if your light rod is bent or damaged, or if your steering shaft is full of dried out grease. will not fit all cars and was not not used in any column originally. **\$2.95**

**A3538 - 1/4 PIPE PLUG**

pipe plug used in most 2 tooth steering boxes for the oil fill **\$1.00**

**A3538A - 1/8 PIPE PLUG**

1/8 pipe plug used in most of the 1929 2 tooth steering boxes to fill the oil **\$0.95**

**A3540A - SPARK AND GAS RODS 28-29**

new replacement control rod for the spark or gas. for 28-29. these are chrome plated sold by the each , 2 req per car **\$19.00**

**A3540B - SPARK AND GAS ROD 30-31**

spark and gas rods used in 30-31 columns. chrome plated **\$19.50**

**A3540F - SPARK AND GAS ROD ANIT RATTLE FELTS**

these are installed on the spark and gas rods during installation into the steering column housing to prevent them from vibrating inside the column housing. ... 2 req per car. .. usa **\$1.95**

**A3541 - CONTROL ARMS**

these are the arms that go on the ends of the spark and gas rods. made in usa and excellent quality!! sold by the each 2 req per car **\$9.95**

**A3542 - CONTROL ARM PINS**

these are the pins that hold the control arms on the spark and gas rods **\$0.55**

**A3545 - CONTROL ARM SPRINGS**

these are the springs that go on with the control arms **\$1.95**

A3547MB - STEERING COLUMN MOUNT BOLT SET

these are the bolts used to mount the steering column to the frame .. made in use with the proper castle nuts and cotter pins **\$13.95**

**A3548N - STEERING SECTOR HOUSING -- 2 TOOTH**

this is an all new sector housing for the 2 -tooth steering sector. it has the needle bearings installed and as well as an oil seal to prevent leaks top quality part! **\$115.00**

**A3549N - STEERING BOX NUTS**

set of nuts for the 2 tooth steering box to hold the sector housing to the main housing ... usa ... set of 4 **\$4.95**

**A3549ST - STEERING BOX STUDS**

special studs used in the 2 tooth steering boxes to hold the sector housing together ... usa .set of 3 studs **\$6.95**

**A3549W - STEERING BOX SPECIAL LOCK WASHER**

these are the special lock washer that goes on the 2 -tooth steering boxes. 3 required. made in usa **\$2.00**

**A3552 - STEERING LOWER BEARING CUP 2-TOOTH**

this is the lower worm bearing cup for the 2-tooth sector .. made in usa **\$29.95**

**A3553D - UPPER RACE**

2 tooth upper bearing race. usa. 1 req per car **\$36.95**

**A3554 - UPPER RACE BOLT AND NUT**

this is the special bolt and nut used to adjust the preload on the worm bearings in the 2 tooth column ... usa **\$9.95**

**A3568T - STEERING HOUSING STAND PIPE 2 - TOOTH**

this is for the 2 tooth sectors to keep the oil from running out the end and into the light switch. it replaces the original end plate and seal. .. usa made **\$13.95**

**A3569MB - LIGHT SWITCH BRACKET BOLTS**

bolts to hold the light switch bracket on the column **\$0.95**

**A3571 - STEERING WORM BEARING**

bearings for the 2 tooth worm. usa made timken. 2 req per car **\$19.95**

A3574 - STEERING SECTOR BEARING SET

install these in your original sector housing to make your car easier to steering. this does require your sector housing to be machined. contact the model a medic as we can help you with this **\$23.95**

**A3575CS - 2 TOOTH SECTOR**

sector for the 2- tooth boxes **\$105.00**

**A3576C - SECTOR HOUSING BUSHING**

these are the original style bushings for the 2 tooth sector. they must be reamed and align honed for a perfect fit to your sector. ...usa **\$4.50**

**A3577 - SECTOR THRUST SCREW**

this is used in all 2 -tooth sectors to thrust the sector gear into the housing. ...usa **\$2.50**

**A3578 - THRUST SCREW JAM NUT**

this is the jam nut only for the a3577 sector thrust screw ... usa **\$1.00**

**A3579 - SECTOR THRUST WASHER**

this was used between the sector and the sector housing for the 2 tooth sector to thrust against. 1 req per car. used only in 29-31 2 tooth boxes. ... usa **\$1.35**

**A3579AR - SECTOR THRUST WASHER 7 TOOTH**

this is the special sector thrust washer for the 7 tooth steering box. this is the usa made version so it fits and works ... **\$13.65**

**A3580SHIM - STEERING BOX SHIM SET -7 TOOTH**

set of brass shims for the 7 tooth sector to set the end play on the worm. ... usa **\$14.00**

**A3581AS - 7 TOOTH BOX GASKET SET**

this is the gasket set for the 7-tooth steering box. **\$5.95**

**A3581B - 2- TOOTH GASKET SET**

this is the gasket set for all the different 2-tooth sectors.usa **\$2.25**

**A3584 - STEERING ECCENTRIC RIVET**

this the eccentric adjuster that is in the bottom of the 2-tooth steering boxes to adjust the worm and sector **\$3.50**

**A3585 - ECCENTRIC STUD**

special eccentric stud used on the 2 tooth gear box ... usa **\$7.25**

**A3586 - STEERING ECCENTRIC ADJUSTING SLEEVE**

this part goes in the sector housing to adjust the sector. made in usa to the original prints. **\$3.95**

**A3587 - ECCENTRIC ADJUSTING CONE**

this goes with the eccentric adjusting sleeve to center it on the adjusting stud in the 2 tooth sector box. **\$2.85**

**A3590MB - PITMAN ARM BOLT**

this is the special bolt that holds the pitman arm onto the steering sector. fits all years made in usa **\$5.95**

**A3590R - RECONDITONED STEERING PITMAN ARM**

this is a reconditioned stock length pitman arm. the ball has been replaced with a hardened steel ball tig welded on **\$32.00**

**A3590S - SHORTENED PITMAN ARM**

this is an all new shortened pitman arm. it will help with your steering by making the car easier to steer **\$49.95**

**A3600 AF - STEERING WHEEL , RED 28-29**

this the read spline style for the 7 - tooth 28 cars **\$140.00**

**A3600AF - RED STEERING WHEEL - SPLINE SHAFT**

this is the steering wheel used from the start of production until late 28. this is the import wheel that does not need to be cleaned up around the mold parting line. quality is excellent on these **\$150.00**

**A3600BF - STEERING WHEEL , BLACK, 28-29**

this is the black , spline style steering wheel for 28-29. fits the 7-tooth columns **\$149.95**

**A3600BK - STEERING WHEEL , BLACK, 28-29 KEYED**

this the keyed steering wheel for the 29 2-tooth columns ... usa made **\$229.95**

**A3600BKR - STEERING WHEEL , RED 28-29 KEYED**

this is the red steering wheel that is keyed to fit a 29 2 tooth column .. usa these require lot of mold leak clean up. contact us if you would like this done before shipping. the charge is 40.00 for this service. **\$229.95**

**A3600C - STEERING WHEEL , BLACK, 30-31 USA**

this is the usa version of the 30-31 replacement steering wheel. requires lots of clean up from the mold leaking when it was cast. if you would like us to finish the clean up, please contact us. the charge is 40.00 for this. **\$189.00**

**A3600EF - STEERING WHEEL , BLACK, 30-31**

this is a very nice replacement steering wheel for 30-31. black rubber just like the original. **\$129.95**

**A3600P - STEERING WHEEL PULLER**

this tool is used to pull the steering wheel from the sector shaft ... usa **\$44.95**

**A3609 - STEERING WHEEL KEY**

key used on the steering wheel ... usa **\$2.50**

**A3610 - STEERING WHEEL NUT**

nut used to hold the steering wheel on. fits all models ... usa **\$0.95**

**A3616B - HORN ROD 45 3/4 LONG 1928-29 7-TOOTH**

this is the horn rod for the 28-29 7-tooth sectors ... measures 45 3/4 long **\$95.00**

**A3616C - HORN ROD 45 LONG 1929 2- TOOTH**

this is the horn rod to fit the 29 2 tooth gemmer sector box **\$135.95**

A3616F - HORN ROD 45 3/4 LONG 1930, 31

this is the horn rod for the 1930 -31 column. it measures 45 3/4 inch long. this is for the ford built box but may be found in some gemmer boxes used in 1931 also **\$135.00**

**A3616G - HORN ROD 1930 44 31/32" LONG**

horn rod used in most 1930 columns, 44 31/32" long **\$95.00**

**A3616RK - HORN ROD REPAIR KIT**

this kit is used to repair you original horn rod. made in usa has the wire , insulator , and contact **\$6.95**

**A3642 - SPIDER SPRING**

this spring is used on the bottom of the steering column to hold the horn rod in place ... usa **\$0.95**

**A3643 - LIGHT SWITCH SPIDER**

this is the piece that goes on the end of the light switch rod to turn the lights off and on. **\$3.95**

**A3644 - SPIDER RETAINER CLIP**

the little c shaped clip that goes on the end of the horn rod to hold the spider ... usa **\$1.20**

**A9740S - CONTROL ROD SET**

these are the 3 control rods . 2 from the steering column and 1 from the carb to the accel linkage **\$16.95**

**A9742/57 - CONTROL ROD SET ... USA MADE**

these are a usa made control rod set that is a bit higher quality than the overseas made ones. the ends themselves are nicer and tend to fit better on the receiving ball. they are also the correct length. **\$36.95**

**A35122-AR - EARLY 28 STEERING COL PEDAL SEAL**

this is the special made steering column seal used only in early 28 cars with the multiple disc clutch **\$77.95**

**B3569 - LIGHT SWITCH BRACKET**

bracket for the light switch on the bottom of the 2 tooth column. **\$7.95**

**BB3332 - TIE ROD AND DRAG LINK SEAL**

these are premium tie rod seal set that will not dry rod as bad. made from a urethane blend material, they are more durable than regular rubber seals. ... usa **\$7.95**

**BB3333 - METAL TIE ROD SEAL CAP**

these are the metal caps that hold the rubber seals in place on the tie rod and drag link ends. made in usa ..1 set per car **\$3.50**

**M400 - 600 WT OIL**

this is the correct oil for the transmission, rear end, and 2 tooth steering column. 1 qt bottle must be shipped ground. **\$17.95**

**NTA1828 - STEERING SECTOR THRUST BEARING**

this is the bearing that replaces the original brass thrust washer on the 2 tooth sector housing. if your purchasing a new sector housing, you will need 1 of these and 1 of tra-1828 thrust bearing washer.

machine work is required to use this setup on your sector housing. \$8.95

STEERARMS - RECONDITIONED STEERING ARM SET

this is a reconditioned set of steering arms sold on exchange only. **we must have your arms before we can ship you ours.** we remove and replace the balls with new ones that are a much harder steel than the original.. **your arms must be good and have no damage to the threads or they cannot be accepted.** left hand drive only. this is a complete set including the long pitman arm **\$195.00**

**STEERARMS1/2 - RECONDITIONED STEERING ARMS -- AMS ONLY -- NO PITMAN**

this is just the tie rod arms only. no pitman arm. order this set if your not replacing the pitman arm , or installing a new, shortened pitman arm. these are exchange only. **we must have your arms before we can ship you ours. your core arms must have good threads and must not be damaged in order to accepted. \$175.00**

TRA-1828 - THRUST WASHER

thrust washer to be used with thrust bearing nta-1828 in 2 tooth sector. **\$5.95**

**SPARE TIRE****A1379AMB - SPARE TIRE CARRIER MOUNTING SET**

this is the bolts set required to mount the spare tire carrier to the body on coupe, roadster, or cabriolet ... usa **\$2.75**

**A1379MB - SPARE TIRE CARRIER MOUNTING SET**

spare tire carrier mounting bolt set for , tudor, phaetons, and some 4drs ... usa **\$1.95**

**A1401 - SPARE TIRE SUPPORT BRACKET**

this bracket goes on the coupes and roadsters with the rear mounted spare tire. it follows the contour of the curved inner panel and the top bolt goes through the end hole. only for cars with rumble seats. ... u.s.a. **\$19.95**

A1405AR - SIDE MOUNT ARM ASSEMBLY 28-29

this is the side mount spare tire arm assembly for the 28-29 cars. will work on left or right side. quality is fair on these and they may require some bending or shimming to get to fit in your car **\$97.95**

A1405MB - SIDE MOUNT MOUNTING KIT 28-29

bolts and nuts required to mount the spare tire arm assembly to the frame. 28-29 . made in usa to the original specs **\$7.95**

**A1406A - SIDE MOUNT ASSEMBLY 30-31 LEFT**

when installing side mount spares on your 30-31 car , this is the arm assembly you will need to do it. quality is fair and some bending or shimming may be necessary to get it to fit your car. fits left side **\$77.00**

A1406B - SIDE MOUNT ASSEMBLY 30-31 RIGHT

when installing side mount spares on your 30-31 car , this is the arm assembly you will need to do it. quality is fair and some bending or shimming may be necessary to get it to fit your car. fits right side **\$77.95**

**A1406BPL - SIDE MOUNT PLATE -DRIVERS, LEFT SIDE**

plate for side mount spare on the drivers side. 30-31 .. usa has studs mounted **\$12.95**

**A1410G - SIDE MOUNT ARM GROMMET**

grommet that goes in the splash shield where the spare time arm comes through. ... usa **\$1.45**

**A1449CO - SPARE TIRE BLOCK OFF KIT**

these are the special bolts required to plug the holes on the back of the body where the spare would mount **\$7.95**

**SPEED EQUIPMENT /DOWN DRAFT SETUPS****A6011BU - BURNS VALVE COVER -A**

this is an all new , very nicely reproduced, burns valve cover for model a engines. it replaces the stock valve cover and must be used with the later oil return pipe. a must have if your using a burns downdraft carb system! **\$131.95**

A9425SBUD - DUAL BURNS DOWNDRAFT INTAKE

this is the dual downdraft manifold made by burns in the usa. works with the stromberg 81 or 97 carbs. linkage kit is also available.. see part a9742bud **\$298.00**

**A9425SBUS - BURNS SINGLE DOWNDRAFT MANIFOLD**

burns single down draft manifold ..made in usa. used with stromberg 81 or 97 carbs. linkage kit is also available. order part number a9742bus **\$299.95**

**A9426 - THROTTLE ARM FOR BURNS DOWNDRAFT**

this is the throttle linkage arm for the burns downdraft manifolds ... usa made **\$42.95**

**A9742BUS - SINGLE DOWNDRAFT LINKAGE KIT**

this kit has all the necessary linkage to be able to install a stromberg 81 or 97 on the manifold and get it hooked up to your model a **\$147.95**

BURNS - SPEED EQUIPMENT /DOWN DRAFT SETUPS

coming soon! check back later as this section is under construction **\$0.00**

**TAIL LIGHTS****236-006-63 - 6 VOLT LED PARK LIGHT BULB**

this is a new led bulb that looks and function the same as a traditional #63 bulb except it uses about half the power and puts out a brighter light. great for dash lights! **\$11.95**

**236-006-1129 - LED 6 VOLT #1129 BULB**

this is the led bulb for the stop light in your 6 volt model a. this bulb is as bright a 1129 traditional bulb but with only about half the current draw. these will last longer, be more reliable and brighter, and work perfectly with a generator. **\$18.95**

**#38 - TAIL LIGHT SCREW SET**

screws used to attach the light to the bracket also the license lens to the bucket **\$2.50**

**A13403-LED-12L - LED TAIL LIGHT INSERT 1/2 AMBER 12V**

this is a 1/2 amber led tail light insert for the drivers side. these are avery nice upgrade to your original tail lights. they will fit most tail lights without any problems. some may require a slight trim to the tail light rim to gt them to fit. 12 volt neg ground. direct plug in replacement. license tag light included **\$39.95**

**A13403-LED-12R - LED TAIL LIGHT INSERT 1/2 AMBER 12V PASS**

this is a 1/2 amber led tail light insert for the drivers side. these are avery nice upgrade to your original tail lights. they will fit most tail lights without any problems. some may require a slight trim to the tail light rim to gt them to fit. 12 volt neg ground. direct plug in replacement. **\$29.95**

A13403R-LED-12L - LED TAIL LIGHT INSERT ALL RED 12V DRIVERS SIDE

this is an all led tail light insert for the drivers side. these are avery nice upgrade to your original tail lights. they will fit most tail lights without any problems. some may require a slight trim to the tail light rim to gt them to fit. 12 volt neg ground. direct plug in replacement. license tag light included **\$39.95**

FTL2831LED-R - LED TAIL LIGHT INSERT ALL RED 12V, PASSENGER SIDE

this is an all red led tail light insert for the passengers side. these are avery nice upgrade to your original tail lights. they will fit most tail lights without any problems. some may require a slight trim to the tail light rim to gt them to fit. 12 volt neg ground. direct plug in replacement. **\$24.95**

**A13404-6 - BRAKE LIGHTER 3RD BRAKE LIGHT 6 VOLT**

this is a led 3rd brake light that can be installed in the rear window of your model a. it uses led technology so it's very bright. comes with mounting hardware and instructions. this model is 6 volt. can be hooked up positive or negative ground. made in usa **\$69.95**

**A13404-12 - BRAKE LIGHTER 3RD BRAKE LIGHT 12 VOLT**

this is a led 3rd brake light that can be installed in the rear window of your model a. it uses led technology so it's very bright. comes with mounting hardware and instructions. this model is 12 volt. can be hooked up positive or negative ground. made in usa **\$66.95**

**A13405AR - COMPLETE DRUM TAIL LIGHT DRIVERS SIDE**

this is a complete new drum tail light for the drivers side. used in 28-29. made in usa! a very high quality repo **\$128.95**

**A13405BL - COMMERCIAL TAIL LIGHT, DRIVERS SIDE**

this is a black painted tail light that was used on all commercial model a's, including the pickup trucks. very nice quality and usa made **\$46.95**

**A13405BR - COMMERCIAL TAIL LIGHT, PASSENGER SIDE SIDE**

this is a black painted tail light for the right side of the vehicle. this one does not have the tag light in it. ... usa **\$39.00**

**A13405DL - LEFT SIDE TAIL LIGHT W/TAG LIGHT SS**

left side tail light with tag light. made of polished stainless steel. setup with regular 6 volt bulbs. **\$41.95**

**A13405DR - RIGHT SIDE TAIL LIGHT SS**

right side tail light, stainless steel, setup with 6 volt bulbs **\$41.95**

**A13405R - COMPLETE DRUM TAIL LIGHT, PASS SIDE NICKEL**

complete drum tail light for 28-29 cars on the passenger side. has tag bracket as part of the assembly **\$132.95**

**A13406D - LICENSE PLATE BRACKET**

bracket that goes on the left rear tail light for the license plate to attach. powder coated black. **\$11.95**

**A13406DP - DRUM TAIL LIGHT DIVIDER KIT**

this installs inside the drum tail light. it divides the tail light area from the stop light and provides the bulb holder for the second area of the light. made in usa. quality is excellent on these. **\$24.95**

**A13406SS - LICENSE PLATE BRACKET - STAINLESS STEEL**

license plate bracket main from stainless steel. **\$16.95**

**A13407MB - LICENSE PLATE BOLTS**

these are the special little bolts to cleanly mount your license plate to the bracket. made in the usa of stainless steel. **\$6.95**

**A13410ASD - DRUM TAIL LIGHT SOCKET**

socket for the drum tail light **\$59.95**

**A13410C - TAIL LIGHT WIRE SET W/ LOOM**

tail light wires with the loom installed ... usa **\$7.95**

**A13412/13 - TAIL LIGHT PIG TAILS**

tail light pigtails for the tail light. ... usa not for use with the drum tail light . sold in pairs **\$6.35**

A13412L - TAIL LIGHT WIRE LOOM

wire loom to cover the tail light wires ... usa **\$1.30**

**A13412S - TAIL LIGHT SOCKET**

if you are rebuilding your old tail light, this the socket only. ... usa **\$0.95**

**A13445 - LICENSE PLATE LENS**

lens that goes in the bottom of the tail light to light up the license plate **\$3.95**

**A13446S - LICENSE LENS RETAINER CLIPS**

these hold the license plate lens into the tail light ... usa **\$2.65**

**A13447 - LICENSE LENS GASKET**

gasket for the license lens ... usa **\$0.59**

**A13450 - 1/2 AMBER TAIL LIGHT LENS**

1/2 amber 1/2 red lens just like the originals. this is what came out in all model a's from the factory made in usa **\$9.95**

**A13450BD - TAIL LIGHT LENS WITH BLUE DOT**

this is the blue dot taillight lens for model a. it has a blue dot made into the top brake light part of the lens that glows blue when the brake is on **\$17.95**

**A13450R - ALL RED TAIL LIGHT LENS**

some states will not allow the 1/2 amber lens so we offer the all red lens for that reason. made in usa **\$9.95**

**A13450S - TAIL LIGHT LENS WITH STOP IN THE TOP**

this a tail light lens that is 1/2 amber but with the word stop in red in the top **\$17.95**

**A13461 - TAIL LIGHT LENS GASKET**

this gasket goes between the tail light rim and the lens. we recommend them on both sides of the lens to prevent breaking the lens **\$1.95**

**A13463 - TAIL LIGHT BRACKET REINFORCE PLATE**

this part goes inside the fender to reinforce the tail light bracket against the fender **\$5.95**

**A13470 - RIGHT SIDE TAIL LIGHT BRACKET**

right fender mount tail light bracket. powder coated black **\$14.95**

**A13471L - TAIL LIGHT BRACKET -DRIVERS**

bracket for the drivers side tail light to mount to the fender ... usa **\$10.00**

**A13471MB - TAIL LIGHT MOUNTING BOLTS**

these are the special style bolts to hold the tail light to the fender ... usa **\$2.95**

**A13471MBSS - STAINLESS STEEL TAIL LIGHT MOUNTING BOLTS**

mounting bolts for the tail light to the fender in stainless steel ... usa **\$7.95**

**A13520 - TAIL LIGHT BRACKET PAD**

this pad goes between the tail light bracket and the fender to protect the paint **\$2.50**

**A14423AR - TAIL LIGHT EXTENSION WIRE FOR EARLY 28**

you use this wire harness to connect the tail light to the harness ... usa **\$7.95**

**A14423EX - TAIL LIGHT EXTENSION WIRE**

this is used on the drum tail light to connect to the main harness. 28-29 .. usa **\$7.95**

**A14595 - DRUM TAIL LIGHT WIRE CLIPS**

these are the special clips for the drum tail light to hold the wire to the tail light arm. **\$3.95**

**B13470B - TAIL LIGHT BRACKET - PICKUP**

this is the bracket used to mount the tail lights on the pickup trucks. works left or right side. powder coated black. **\$17.95**

**B14424 - TAIL LIGHT CROSS OVER WIRE**

this is the wiring harness to connect the right side tail light to the main harness. requires 4 each of a14487 to make the connections **\$24.95**

**FTL2831LED6-AL - STAINLESS STEEL LED TAIL LIGHT, 6 VOLT ALL RED LENS, DRIVERS SIDE**

this is an all red lens led tail light for the drivers side in 6 volt, positive ground. these are extremely bright and a great choice for the driver car. **\$59.95**

**FTL2831LED6-AR - STAINLESS STEEL LED TAIL LIGHT, 6 VOLT ALL RED LENS, PASSENGERS SIDE**

this is an all red lens led, stainless steel tail light, 6 volt positive ground, for then passengers side. these are extremely bright and the best choice for the driver cars. **\$58.95**

**FTL2831LED6-L - LED TAIL LIGHT INSERT ALL RED 6V DRIVERS SIDE**

this is an all red led tail light insert for the drivers side. these are a very nice upgrade to your original tail lights. they will fit most tail lights without any problems. some may require a slight trim to the tail light rim to get them to fit. 6 volt pos. ground. direct plug in replacement. license tag light included **\$41.95**

**FTL2831LED6-R - LED TAIL LIGHT INSERT ALL RED 6V PASS**

this is an all red led tail light insert for the passengers side. these are a very nice upgrade to your original tail lights. they will fit most tail lights without any problems. some may require a slight trim to the tail light rim to get them to fit. 6 volt pos. ground. direct plug in replacement. **\$32.95**

**FTL2831LED6AR - LED TAIL LIGHT INSERT AMBER /RED PASS**

this is a complete new stainless steel tail light with the led insert installed. **this is a 6 volt, positive ground unit** for the passenger side of the car. it does not have the license plate light. if your using a plate on the passenger side, you may want to use a drivers side light to light up the tag. **\$54.95**

**FTL2831RA6-L - LED TAIL LIGHT AMBER /RED DRIVER**

this is a complete new stainless steel tail light with the led insert installed. **this is a 6 volt, positive ground unit** for the driver's side of the car. it does have the license plate light. if your using a plate on the passenger side, you may want to use a drivers side light to light up the tag. **\$51.95**

FTL2831RA6-R - LED TAIL LIGHT INSERT 6 VOLT POS GD PASSENGER SIDE

this is a led insert that replaces the original lens and bulbs completely, pig tails plug into existing bulb sockets so no wiring required. this is the 1/2 amber and red light. these are up to 3 times brighter than regular light bulbs. some modification is required to get these units to fit some tail light bezels **\$41.95**

**FTL2831RA-L - LED TAIL LIGHT INSERT 6 VOLT POS GD DRIVER SIDE 1/2 AMBER**

this is a led insert that replaces the original lens and bulbs completely, pig tails plug into existing bulb sockets so no wiring required. this is the 1/2 amber and red light. these are up to 3 times brighter than regular light bulbs. for the driver side tail light with tag light. some modification is required to get these units to fit some tail light bezels. **\$58.95**

**FTL2831RA-L - LED TAIL LIGHT AMBER /RED DRIVER 12 V**

this is a complete new stainless steel tail light with the led insert installed. **this is a 12 volt , negative ground unit** for the driver's side of the car. it does have the license plate light. if your using a plate on the passenger side, you may want to use a drivers side light to light up the tag. **\$58.95**

**FTL2831RA-R - LED TAIL LIGHT AMBER /RED PASS 12 V**

this is a complete new stainless steel tail light with the led insert installed. **this is a 12 volt , negative ground unit** for the passenger side of the car. it does not have the license plate light. if your using a plate on the passenger side, you may want to use a drivers side light to light up the tag. **\$49.95**

**TRANSMISSION****A1180 - REAR HUB SEAL RETAINER SNAP RING/ FRONT TRANS BEARING RETAINER**

the is the large snap ring that retains the rear hub seal part# a1175. this is also used on the later transmission cases to hold the front bearing in the case. **\$2.50**

**A3425 - RADIUS BALL FELT**

the heavy felt pad that goes in the bell housing directly over the radius ball. held in with pin part number a3441 ...usa **\$1.95**

**A3435 - RADIUS BUSHINGS**

radius ball bushings only. price is a pair made in usa **\$2.50**

**A3440A - RADIUS BALL SOCKET BOLTS**

the bolts that hold the radius ball assembly to the transmission **\$6.75**

**A3440RE - REPLACEMENT RADIUS BALL ASSY**

this is a complete cast iron replacement radius cap assembly. this style uses the rubber ball **\$17.95**

**A3440S - ORIGINAL STYLE RADIUS BALL ASSY**

this is the original style radius cap assembly, made in usa **\$29.95**

**A3441 - RETAINER PIN**

the long pin that goes through the bell housing to hold the felt pad in place **\$1.00**

**A3442 - RADIUS BALL SPACERS, SPRINGS, AND NUTS**

this is the hardware to hold the original style radius ball cap onto the bell housing. does not include the bolts **\$11.95**

**A3445 - RADIUS BALL CAP SPRINGS**

these are the two springs that go on the original style radius cap. springs only in this kit **\$1.95**

**A3446 - RADIUS RUBBER BALL**

used with the replacement style cap ... replacement rubber ball **\$3.95**

**A4520MB - UNIVERSAL BOLT SET**

bolts for the u-joint housing behind the transmission....usa made **\$14.95**

A7005 - TRANS OIL FILL/ DRAIN PLUG

plug for the transmission drain or transmission fill. **\$1.40**

**A7006MB - CLUTCH HOUSING BOLTS**

blots to hold the transmission to the bell housing. ... usa **\$3.95**

**A7017B - TRANSMISSION MAIN INPUT DRIVE GEAR**

main drive gear input shaft for the transmission. made in usa **\$152.95**

**A7025 - TRANSMISSION MAIN INPUT BALL BEARING**

goes on the main input shaft. open to the inside of the transmission. these are high speed bearings used in the electric motor industry. these are the only bearings left on the market today that will hold up. **\$14.95**

**A7025K - MAIN TRANS INPUT BEARING -PREM QUALITY**

this is a premium quality bearing made by koyo bearings of japan. this bearing is designed to run in oil or grease unlike all the cheaper bearings on the market. this bearing is a shielded bearing , and will last thousands of miles in your model a transmission. **\$33.95**

**A7040 - BAFFLE**

this is the oil slinger that goes on the main input shaft before you install the bearing. made in usa **\$3.50**

**A7045B - BEARING RETAINER**

used to hold the bearing on the main input shaft. made in usa **\$5.95**

**A7060U - TRANSMISSION MAIN OUTPUT SHAFT**

the main output shaft for the transmission **\$129.95**

**A7061 - MAIN SHAFT COLLAR**

this is the little spacer collar that goes on the end of the output shaft to prevent the roller bearing from going on too far **\$3.25**

**A7063 - TRANSMISSION SHAFT SPACER**

spacer that goes in behind the bearing on the slider output shaft ... usa **\$1.00**

A7065 - TRANSMISSION MAIN OUTPUT BEARING

the main bearing that goes on the output shaft. sealed on one side. seal faces the u-joint to help keep the oil in the trans. for best results, put a little silicone on the splines of the output shaft before installing the u-joint. **\$13.95**

**A7065K - TRAN. OUTPUT BEARING -HIGH QUALITY**

main out put bearing made in japan by koyo . the best you can buy and recommended for the daily driver car. these are high speed bearings used in the electric motor industry and are a shielded designed to run in oil or grease, **\$33.95**

**A7065K - MAIN TRANS OUTPUT BEARING - PREM QUALITY**

this is a premium quality bearing made by koyo bearings of japan. this is a bearing designed to run in oil,, not grease like all the cheaper bearings on the market. these will last thousands of trouble free miles in your model a transmission. **\$33.95**

**A7070 - TRANS BEARING RETAINER**

this was used in the back of the case to hold the output bearing in the later cases. not for the early 28 cars. its recommended to replace this during an overhaul of the trans. 1 required. ... usa **\$3.95**

**A7080B - REAR OUTPUT BAFFLE**

oil baffle used on the rear output bearing in the trans ... usa **\$2.95**

**A7084 - UNIVERSAL JOINT REBUILD KIT**

this kit has all the parts need to rebuild your later model universal joint. not for the riveted, early style. your castings must be in good condition for this kit. **\$46.95**

**A7090 - COMPLETE NEW UNIVERSAL JOINT**

this is a complete new universal joint. quality on these is fair . its best to use a good original if possible. **\$124.95**

**A7090GS - UNIVERSAL GASKET SET**

this the gasket set required for the universal joint housing. contains the two gaskets and the 2 felt strips **\$4.95**

**A7090U - REMAN ORIGNAL U-JOINT**

this is an original, late model, u-joint that has be rebuild with new spider assembly so that it's as good as new. the best part is that it fits ans performs like it should. limited supply of these. expect a 1 to 2 day delay on shipping **\$175.00**

A7095 - U JOINT WASHER

this the the bolt ans special washer used to hold the u joint ont the output shaft of the transmission. its recommended to used a drop of blue removable locite on the bolt **\$1.95**

**A7095MB - U - JOINT BOLT W/ LOCK WASHER**

this is used to hold the u-joint onto the transmission shaft. it is recommended to replace this bolt whenever you have the u-joint removed ... usa **\$0.75**

**A7100 - LOW AND REVERSE SLIDER GEAR**

low and reverse slider gear for the trans. made in usa. nice quality on these. **\$110.95**

**A7101 - SECOND / HIGH SLIDER GEAR**

second and high slider gear for the trans. made in usa , excellent quality **\$129.95**

**A7111 - CLUSTER SHAFT**

this is the shaft that goes on the bottom on the trans. for the cluster gear ... usa **\$11.95**

**A7111S - SHAFT SEAL KIT**

this kit goes on the back of the transmission case to seal the two shafts from leaking the oil out of the trans, before installing you need to make sure the area is totally clean and then using rtyv silicon, fill the seal cap and install it on the trans. **\$21.50**

**A7113 - CLUSTER GEAR**

very nicely made in usa, this cluster gear is the finest available on the market today! **\$475.00**

**A7115 - CLUSTER GEAR BEARING SPACER**

this goes in the cluster gear to keep the two bearings spaced apart ... usa **\$1.75**

**A7118 - TRANS ROLLER BEARING ,SHORT**

this is the short roller bearing that goes in the trans. 2 are required. one goes in between the input and output shafts, the other goes on the cluster gear **\$8.95**

**A7119 - CLUSTER THRUST WASHER**

these were used in the early 28 cases only on the ends of the cluster gear. they were discontinued in late 28. they can also be used in a worn case with machine work usa **\$7.95**

**A7121 - TRANSMISSION ROLLER BEARING , LONG**

this is the long roller bearing for the cluster gear **\$7.95**

**A7140 - REVERSE IDLER SHAFT**

this is the shaft for the reverse idler to run on. these are commonly worn and should be replaced when rebuilding your trans. they have an o-ring on the end to seal into the case so the oil doesn't leak out usa **\$11.95**

**A7141 - REVERSE IDLER GEAR**

reverse idler gear... usa made top quality. **\$224.00**

**A7153 - TRANSMISSION GASKET SET**

complete transmission gasket set ... usa **\$4.00**

**A7210 - GEAR SHIFT - NEW**

this is an all new gear shift for model a. quality is good on these,, however they tend to be bent just a little farther over to the left side than the originals causing the to hit your leg more easily. fits all years **\$46.95**

**A7210RC - RESTORED STOCK GEAR SHIFT**

this is a restored stock gear shift. these are original gear shifts that we restore the ball at the bottom and then have re-chromed. **\$89.95**

**A7211 - GEAR SHIFT LOWER CAP**

this is the lower cover that goes at the base of the gear shift **\$5.95**

A7213 - STANDARD GEAR SHIFT KNOB

this is the original style gear shift knob ... usa **\$3.50**

**A7213BO - GLASS BLUE SWIRL GEAR SHIFT KNOB**

this gear shift knob is made of blue swirl glass. this is the round knob **\$28.95**

A7213GOM - GLASS GREEN SWIRL GEAR SHIFT KNOB

this gear shift knob is made if glass and is a swirl design made in green
\$24.95

**A7213KA - GLASS GEAR SHIFT KNOB - BLACK SWIRL**

glass black swirl gear shift knob.
\$28.95

**A7213RA - GLASS GEAR SHIFT KNOB - RED SWIRL**

red swirl glass gear shift knob ..
..usa **\$28.95**

**A7222 - REBUILT SHIFT TOWER - LATE**

rebuilt shift tower. late model. emergency brake to the right **\$145.00**

A7222MB - TRANSMISSION SHIFTER TOWER BOLTS

set of bolts used to bolt the trans, shifting tower to the of the trans.
case ... usa **\$6.95**

**A7223 - TRANSMISSION TOP GASKET**

gasket used to seal the shifter tower to the case ... usa **\$1.50**

**A7228 - GEAR SHIFT SPRING RETAINER**

this goes on the bottom of the gear shit to hold the spring in place ...
usa **\$2.25**

**A7230 - SHIFTING FORK**

this is a brand new shifting for and made to the ford prints. excellent quality! **\$59.95**

**A7232S - SHIFTING FORK PINS**

this are the pins that hold the shifting forks onto the shifting rails.
\$1.00

**A7233/34 - DE-TENT PLUNGER AND SPRING**

this is what holds your gear shift in gear. they tend to wear over time so if your having trouble with your car popping out gear, this could be the reason. high quality, made in usa nart **\$7.95**

**A7240 - SHIFT RAIL LOW / REVERSE**

this is the shift rail for low and reverse. heat treated for long life and usa made **\$24.95**

**A7241 - SHIFT RAIL SECOND / HIGH**

this is the shift rail for second and high gear. heat treated for long life and usa made **\$24.95**

**A7506/09 - BRAKE AND CLUTCH PEDAL SHAFT AND BUSHINGS**

this is the clutch and brake pedal shaft with the bushings for all the 28 -31 cars and trucks built with the single disc clutch set-up. this is no for the multi-disc clutch set-up ...
usa **\$16.95**

**A7506AR - CLUTCH PEDAL SHAFT -EARLY 28**

this is the smaller diameter clutch pedal shaft that was used only in early 28 with the multiple disc clutch ...usa **\$19.50**

**A7506B - BRAKE AND CLUTCH PEDAL SHAFT**

brake an clutch pedal shaft only. used on all models with standard clutch setup. not for multiple disc ... usa **\$4.95**

**A7507 - BRAKE PEDAL SHAFT COLLAR**

this goes on the end of the pedal shaft to hold everything together on the pedal shaft... usa **\$5.95**

**A7508 - BRAKE / CLUTCH PEDAL BUSHINGS**

set of 4 bushings for the brake and clutch pedals ... usa **\$9.95**

**A7509A - PEDAL SHAFT PIN**

pin that holds the shaft into the bell housing ... usa **\$1.10**

**A7509B - COLLAR PIN**

pin that is used to hold the pedal shaft collar onto the end of the shaft. not for multiple disc setup **\$0.95**

**A7511B - CLUTCH RELEASE ARM**

this is a brand new cast steel clutch release arm. made in usa. will not fit early 28 with multiple disc clutch **\$46.95**

**A7512 - SPRING WASHER**

this goes between the clutch and brake pedals. **\$0.75**

**A7513 - CLUTCH FORK AND CLUTCH RELEASE ARM PIN**

these are used to hold the clutch release arm and the clutch fork onto the shaft. they are also used in the lat 30-31 emergency brake cross shaft to hold the arms on.
sold by the each \$1.20

**A7518MB - CLUTCH INSPECTION COVER BOLTS**

two round head bolts and lock washer to hold the inspection cover on the bell housing **\$0.95**

**A7521/22 - CLUTCH ADJUSTING LINK AND TRUNION**

this the link that go from the clutch pedal to the clutch release arm on the trans. includes the round nut that goes in the clutch pedal ...
usa..1 set per car **\$18.95**

**A7522 - TRUNION NUT**

used on the clutch pedal adjustment ... usa **\$3.95**

**A7550 - CLUTCH DISC**

clutch disc for model a and aa truck. this is our best quality disc. the shock springs are retained in this disc. **\$69.95**

**A7600 - PILOT BEARING**

this is the bearing that goes in the center of the flywheel to carry the end of the transmission shaft **\$4.95**

**A7600UNDER - UNDERSIZED PILOT BEARING**

this bearing can be installed and used if your transmission pilot shaft is worn from spinning inside of a bad pilot bearing. the transmission shaft has to be removed and machined to 0.626 to us this bearing. save you big money over replacing the input shaft on the trans. **\$18.95**

**A8004 - BRAKE BOOT**

this boot is just like the gear shift boot (a8005) except it slips over the emergency brake handle **\$4.95**

A8005 - GEAR SHIFT BOOT

this is a black rubber boot that goes over the gear shift and under the floor mat to help keep air and dirt from entering the car **\$4.95**

**A18422BS - CLUTCH AND BRAKE PEDAL PADS**

these pads go on the clutch and brake pedals. they provide a non slip surface and also help to renew and worn set of pedals. made of rubber in the usa. sold in pairs. **\$4.95**

**A35245A - SHIFT LEVER PLATE 28-29**

this is the cover that goes around the gear shift and brake handle. this is for the brake handle in front of the gear shift. used on late 28-29 cars. made in usa **\$6.95**

**A35245B - SHIFT LEVER PLATE 30-31**

this is the plate that goes around the emergency brake and gear shift and is covered with the floor mat ... usa **\$7.95**

TOOLS

8790 - CAMSHAFT NUT WRENCH

this is the tool required to remove the nut on the camshaft **\$24.95**

**A1109T - WHEEL STUD TOOL**

this is the tool needed for swedging the studs into the hubs. a min 20 ton press is required to use this tool ... usa **\$9.00**

**A1113T - UNIVERSAL REAR HUB PULLER**

this tool is what you will need to remove the rear hubs on your model a. these need to be torqued a 100 ft lbs in order to be tight on the taper. made overseas, but excellent quality **\$109.95**

**A2018 - RIVET UPSET TOOLS**

these are the tools only for the a2018x rivet tool **\$8.95**

**A2018T - RIVET UPSET TOOLS**

these are the replacement tools for the brake rivet upset tool ... usa **\$12.95**

**A2020 - BRAKE SHOE CENTERING TOOL**

after you have your brake shoes fit to your drums, you can use this tool to check to see if they are centered in the drum. comes with instructions ... usa **\$56.00**

**A2041T - BRAKE ADJUSTING TOOL**

this is the tool used to adjust the squared headed brake adjuster on the back side of the backing plates ... usa **\$12.95**

**A2082R - FRONT BRAKE ACTUATOR REAMER**

this is the reamer used to ream the bushings in the brake actuators ... made in usa **\$184.95**

**A3034X - BUSHING DRIVER**

this tool will drive the shackle bushings in and out with ease. made in usa of tool steel **\$12.95**

**A3111R - SPINDLE BOLT REAMER**

this is the reamer you will need to ream the spindle bushings to fit the king pins ... made in usa **\$215.00**

**A3600P - STEERING WHEEL PULLER**

this tool is used to pull the steering wheel from the sector shaft ... usa **\$44.95**

**A3643T - SPIDER RETAINER TOOL**

this is the tool used to install the retainer clip on the end of the light switch rod ... usa **\$9.95**

**A4246 - SEAL DRIVER**

tool used to install the seals in the rear axle ... usa ... screws on the 1/2 ntp pipe **\$11.95**

**A5301 - FRONT SPRING SPREADER**

this usa made tool is used to easily and safely spread the front spring for removal. **\$64.95**

**A5302 - REAR SPRING SPREADER**

this is a heavy duty spreader for the rear spring. made in usa. **\$119.95**

**A6025 - TIMING SET TOOL**

this handy little tool holds the timing pin against the gear to help you find the hole to locate top dead center on the number 1 cylinder while turning the engine **\$29.95**

**A6252 - TIMING KIT**

this kit allows you set your timing right on the money using a timing light comes with everything pictured and instructions **\$38.95**

**A6252I - TIMING INDICATOR ONLY**

this is the indicator only from kit #a6252 **\$16.65**

**A6500VGT - VALVE GUIDE REMOVAL TOOL**

this is the tool you need to remove the original style valve guides ... usa **\$27.95**

**A6621R - OIL PUMP RETAINER**

this is a tool to hold the oil pump in the block while you have the pan dropped down on the engine. makes it much easier when you are working on the engine in the car **\$7.95**

**A8501W - WATER PUMP WRENCH**

this is used to tighten the packing nut. ... usa **\$3.50**

**A8600KO - FAN KNOCK OFF TOOL**

this tool screws onto the end of the water pump shaft in place of the nut. once on there, you can hit with a hammer to knock the fan loose from the tapered shaft ... usa **\$3.95**

**A9020T - FILTER SCREEN TOOL**

this is the tool required to get the gas tank scree to unscrew out of the gas tank. best of the two manufactures available. **\$6.95**

**A9574 - JET TAP**

this is the special thread tap for the zenith and holley carbs. made in usa **\$7.95**

**A12198 - QUICK SET POINT GAPPER**

this tool allows quick setting of your ignition points with a feeler gauge or having to rotate the engine ... usa ... comes with instructions **\$37.95**

**A12210CX - NU-REX TIMING WRENCH**

this is the nu-rex cam wrench for setting the timing on your model a ... usa **\$12.95**

A12405TEST - SPARK PLUG COMPRESSION ADAPTER

you can use your standard compression gauge to check the compression on your model a using this adapter ... usa **\$10.95**

**A13300X - COWL LIGHT MARKING TOOL**

tool used to mark the location of the hole to be drilled for the cowl lights. 30.31 only ... usa **\$4.00**

**A17005 - TOOL BAG**

a nice repo of the original tool bag ... usa **\$15.95**

**A17022 - ENGINE LIFTING EYE**

this screws into a spark plug hole. used to pull or replace the engine in your car. also can be useful for removing a stuck head. engineered and made in the usa. #3 spark plug hole is recommended to keep engine level. **\$15.95**

**A17036 - HAND CRANK**

hand crank for model a has the lug nut size on opposite end. powder coated black ... 28-31 **\$19.95**

**A46335T - HEAVY DUTY HINGE PIN REMOVAL TOOL**

this is a heavy duty hinge pin tool for use on the most stubborn hinge pins ... made in usa **\$46.95**

**A353020 - GREASE FITTING DRIVER - STOCK**

driver used to install the original stock style grease fittings. made in usa. **\$4.25**

**A353020M - GREASE FITTING DRIVER - MODERN**

tool used to install modern, drive in grease fittings ... made in usa **\$3.95**

**A353032 - GREASE GUN ADAPTOR**

this adapter goes on your grease gun to allow you grease the original style fittings. ... usa **\$6.95**

**B17036 - HAND CRANK**

this is the hand crank used to change the tire or start the car. cad plated. same as a17036 except cad plated instead of powder coated black **\$18.95**

**T4060X - COWL LACING RIVET TOOL**

this tool is used for installing the cowl and radiator shell lacing **\$39.95**

V46335PULL - HINGE PIN REMOVAL TOOL

tool used to remove the hinge pins from the doors. dropped forged quality tool **\$29.95**

**X2018 - BRAKE SHOE RIVETING TOOL**

this is the tool required if you want to reline your brake shoes yourself **\$24.95**

**TOP PARTS AND MOLDINGS****#49 - SUN VISOR BOLT KIT**

all the bolts and washers needed to install the sun visor on a 28-29 coupe or tudor **\$4.95**

**A36235CF - HIDEEM WELTING - BLACK**

sold by the foot ... this is the welting used around the top on many models ... usa **\$0.75**

**A36235CF/N8 - HIDEEM WELT - TWO TONE BROWN**

sold by the foot --- this is the hideem welting used on many of the open deluxe series tops and seats in 30-31 **\$6.95**

**A36235CF/N10 - HIDEEM WELTING - BROWN**

hideem welting in brown. sold by the foot. **\$3.95**

**A36235WF - HIDEEM WELTING - BLACK WIRE ON FOLD OVER**

sold by the foot ... this is wire on fold over welting . it is used to trim out closed car tops and interior seats.. **\$0.95**

**A37101USA - BODY SOCKET**

these are used in the open cars in the body and doors to secure the side curtains on the car ... made in usa and excellent quality **\$8.95**

**A37102 - TACK RAIL FASTENER SET**

this is the set of fasteners for the back of the top to hold it to the body behind the seat on the roadsters and roadster pickups. fits all years. ... made in usa **\$34.95**

**A37103 - WINDSHIELD FASTENER KIT**

these are the fasteners for the windshield frame on all open cars for the top and side curtains to attach to ... usa **\$37.95**

**A37103DBL - SIDE CURTAIN DOUBLE STUD**

these are used on the open cars where ever there is two layers of fabric to be held on the side curtains **\$0.95**

**A37170 - WINDSHIELD MALE SNAP**

snaps that go across the top of the open car windshield frames to secure the top ... usa **\$2.50**

**A37472C - TOP CLAMPING SCREW 30-31**

used to secure the top irons to the top of the windshield post on the 30-31 open cars **\$5.50**

**A37472F - TOP CLAMPING SCREW 28-29**

these screw into the windshield posts at the top and hold the top down when its up. fine thread for 28-29 cars .. usa **\$9.95**

**A37708A - TOP PROP KNOB 1 1/2 DIA. 3/8X24 THREAD**

these hold the landau irons to the top on the sport coupes. 4 are req. per car. ... usa **\$7.95**

**A37708B - TOP PROP KNOB 1 1/2 DIA. 7/16X14 THREAD**

these are on the roadsters and roadster pickup to hold the top irons to the body ... usa **\$7.95**

**A41500SS - GRAB HANDLES**

these are the handles that go on either side of the rumble seat on the coupes and roadsters **\$49.95**

**A47301-1 - TOP MOLDING**

this is the original style top molding for the 30-31 coupe (45-b), 1929-31 briggs / murray 4dr (155-a, b, c, d), 1929 blindback sedan (170-a), 1929 ,30 briggs 4 dr sedan (170-b), and 30-31 victoria (190-a). this is the molding that goes across the front. **\$16.95**

A47301-5 - TOP MOLDING FOR 155A, C AND 165A, C 10' LONG

this is the top molding used on murray body fordors. made of aluminum just like the original. you will need to drill the holes to fit about every 2 inches apart. you will need 2 moldings per car. nails are our part a47301ta ... usa.. due to shipping restrictions, molding is sent rolled up. **\$32.50**

**A47301-6 - TOP MOLDING 45B, 155B, 155D, 165D, 170B**

made of soft aluminum ,,this 10 foot long molding used on rear and sides of the 1930 - april of 1931 coupes, 1929 - early 1931 brigs body town sedan and standard 4 drs. ... made in usa you will need 2 rolls per car. holes are not drilled. nails are our part a47301ta. you will need 2 packs. **\$33.95**

**A47301-7 - TOP MOLDING - FRONT, 150B- 255A**

front top molding for the a150b, 30-31 station wagon and the 255a special delivery. ... usa aluminum no holes drilled **\$18.95**

**A47301-AOR - RAIN GUTTER 28-29 PICKUP**

these are the original style gutters for the 28-29 pickup's and aa trucks. made in usa. **\$39.95**

**A47301S - STEEL TOP MOLDING**

this is the molding used on the tudors around the back of the body. also used across the front on 28-29 models **\$15.95**

**A47302 - ROOF MOLDING FILLER**

this is the roof molding rubber filler strip that was used in 31 on coupes (april 1931 forward), slant 4dr, and victoria. approx 3/16 wide . 21 ft roll. made in usa. **\$10.95**

**A47303A - HIDEEM WELT TIPS**

these finish out the ends of the split hidem welting used on many different tops. **\$2.95**

**A47303D - DRIP RAIL TIPS FOR FRONT TUDOR**

drip rail tips for the front on tudor **\$6.95**

**A47303G - DRIP RAIL TIPS FOR REAR TUDOR**

these go on the back of the gutter on the tudor sedans. fits all years. usa.. **\$6.90**

**A47304 - WIRE ON WELTING**

this is used in place of the original molding on the top. sold by the foot so no returns. black vinyl. **\$0.95**

**A47786 - HEADER SIDE RAIL BRACKET FOR COUPE**

used on the 30-31 coupe in the rear left side , top to connect the rear roof header to the left upper side rail. left and right are different made in usa. fit is good on these. **\$108.95**

**A47787 - HEADER SIDE RAIL BRACKET FOR COUPE**

for the 30-31 coupes. this goes on the right upper rear side to connect the rear upper header to the right side upper rail. left and right are different. fit is good on these made in usa **\$108.95**

**A52250 - PROP NUT SPECIAL LOCKING WASHER**

special lock washer used on the open cars prop nuts. usa made **\$1.95**

**A180600 - TOP T BOLTS**
